### President To Leave St. Louis This Afternoon

Will Continue Trip By Plane To Meet Gen. MacArthur

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

ST. LOUIS, Oct. 12.—President Truman said today he is meeting Gen. MacArthur in the mid-Pacific to chart a new strategy for world peace.

The chief executive declared during an overnight stop in his home state of Missouri:

#### Progress Toward Peace

"For five long, hard years as president I have labored diligently to attain a peaceful world. I think, in spite of conditions prevailing in the Far East, that we are making progress toward that point."

"I am on my way to have a conference with Gen. MacArthur and I hope that out of that conference will come some contribution to the peace of the world."

The president's reference to his forthcoming momentous first meeting with the United Nations commander-in-chief in Korea came unexpectedly during an "off-the-cuff" talk before 12,500 persons packing St. Louis Civic Auditorium for an Eastern Star investment.

Mr. Truman attended the ceremony to see his only sister, Miss Mary Jane Truman, installed as Eastern Star grand worthy matron for Missouri.

#### Overall Objective

The president did not go into detail on the Far Eastern problems and policy matters which he, Gen. MacArthur and top-level Defense and State department advisers will thresh out in their weekend conference.

He spoke, rather, of the overall objective of the momentous gathering and set world peace as its goal.

The chief executive said "I am going to keep working for world peace" and added:

"I hope eventually there will come a time in the world when it

The trees along Lawrence County roads present a picture of contrast, Pa. News observed Wednesday during a visit to the rural sections. With a lack of frost, the trees are turning in color naturally. Some of the trees are turned entirely, while others are still as green as in the spring.

Various hickory nut and hazel nut trees throughout the county have decided not to wait for the first killing frost. The nuts are rapidly dropping to the ground as the trees who are anxious to ready themselves for the winter ahead are dropping the nuts to the ground much to the delight of the kiddies and squirrels alike.

One resident of the county has listed himself as a first as far as the new highway leading east of the city to the Butler County line is concerned. Even before the traffic route is complete, erection of a new concrete block home along the roadside by the citizen is underway. A few homes which were already built, are quite close to the new highway it was observed Wednesday.

One wonders if local citizens have forgotten the sense of fair play and courtesy. While going home from work Wednesday on a bus, one of Pa. News's family sat beside a woman who refused to place a large package on her lap so she could have her half of the seat. The woman had been holding the entire seat previous to the other's asking her if she could sit there. The bus was quite crowded. (Continued on Page Two)

### ST. LOUIS MAYOR GREETES PRESIDENT

ST. LOUIS—Mayor Joseph M. Darst, of St. Louis, greets President Truman on his arrival here, where he is to see his sister, Miss Mary Jane Truman, inducted as the Grand Worthy Matron of the Missouri Chapter of the Order of Eastern Star. Secretary of Labor Maurice J. Tobin (center) was also on hand to meet the President.

### County's Highway System Transformed, Tour Reveals

At an expenditure of over three and a half million dollars apart from Turnpike construction in Lawrence county in 1950, this county can boast in a few weeks of one of the most modern highway systems in this state.

Men and machinery were observed working at a feverish pace on Wednesday, as a group of highway, county and city officials as well as civic leaders made the annual inspection tour of new construction work in Lawrence county.

Led by District Engineer S. W. Jackson of Franklin and Alfred A. Martin, Lawrence County Highway Superintendent, the interested leaders were escorted to a number of the larger construction jobs and were amazed at the daring feats of engineering accomplished along the various routes traversed.

Harlansburg Road

Although not open for public travel yet, the motor caravan sped over the Harlansburg road, where a real transformation was observed which turned an old fashioned crown top road into a smooth ribbon of asphalt 20 feet in width. The Harlansburg road is one of the oldest roads in this section and has undergone some heavy travel in its day.

### Break Ground For New Pitt Project

PITTSBURGH, Oct. 12.—(INS)—Alan M. Scaife, president of the board of trustees of the University of Pittsburgh, will officiate today at ground breaking ceremonies for the school's new medical center nurses home.

The new 16-story structure will provide accommodations for housing some 650 student nurses attending classes at the university and the medical center.

Total cost of the project is estimated at \$4,175,000.

CHICAGO, ILLINOIS—Recruiting Sgt. Albert Mirr (left) looks at lion cub which Lloyd Rosenbrock, 21, brought to induction center where he was sworn into the Army yesterday. Shortly after the picture was made the cub bit Sgt. Mirr, which prompted Rosenbrock to exclaim "I got a funny feeling I'd be better off in the Navy". Rosenbrock, an amateur wild animal trainer, was in similar animal trouble last month when he transported an ape to Chicago via taxicab from St. Louis, Missouri. He had to spend time in the sheriff's custody till he could square the cub bill.

### Big Battleship Missouri In Attack On Chongjin

TOKYO, Oct. 12.—(INS)—The mounting United Nations air and naval bombardment of key Communist communications centers, moving ever northward, reached a new peak today when the giant battleship Missouri blasted the port of Chongjin, 53 miles from Russia's Siberian border.

Carrier planes raked the shipping and rail center on the East Korean coast for half an hour and

then the "Big Mo" pounded the seaport with 2,000-pound projectiles for a solid three hours.

Just the day before, B-29s and carrier planes of Task Force 77 joined in devastating strikes against the port of Songjin, 80 miles below Chongjin.

The 45,000-ton Missouri leveled the heaviest warship bombardment of the Korean conflict against

### Head Of American Legion Levels Blast At Stalin

By GEORGE N. CRAIG  
National Commander American Legion  
(Written Expressly for I. N. S.)

LOS ANGELES, Oct. 12.—The Soviet action today in praising the North Koreans for what they call a "struggle for independence" proves the contention of the American Legion that Stalin and his so-called Republic of the Soviet now are and always have been international bandits and outlaws.

The American Legion asked that Russia not be recognized back in 1933 and it has reiterated it every year from that time.

The American people have but one choice in the opinion of the American Legion. That is to remain steadfast, calm and within our own power have confidence in our own form of government and in one another.

In doing so we will muster the moral and spiritual force necessary to repel and destroy any force or forces of communism either internally or externally that seek to make inroads upon us.

It may be that the chips are down. If they are the American

### Three Airmen Killed In Crash

Three Correspondents Are Also Injured

TOKYO, Oct. 12.—(INS)—Three U. S. airmen were killed today and five other persons injured in the crash of a C-119 "Flying Boxcar" in southern Japan.

Three of the injured were correspondents.

The plane crashed during a landing at an airfield in the south of Japan after a flight from Korea.

Newsmen injured were Hal Faber of the New York Times, who suffered a fractured left arm and right leg, and John Jefferson of Columbia Broadcasting System and John M. Collins of Reuters. None was seriously hurt.

Identified military men were not disclosed pending notification of next of kin.

### Alert Volunteer Fireman Averts Serious Disaster

What could have been one of Lawrence county's greatest tragedies was averted Wednesday afternoon by a Union Township Volunteer Fireman Vincent DelPrincipe, who believes in being alert at all times.

DelPrincipe, who operates a garage on West Washington street extension, Union township, observed a loaded explosives truck approaching east, and smoke pouring out from under the cab of the large vehicle.

The driver of the truck, William Bartholomew of Falcon street this city, entirely unaware of the impending disaster to himself and those in the neighborhood was flagged down by DelPrincipe who immediately brought out all the available fire extinguishers in his garage pouring their contents on the truck cab. All extinguishers in the truck were likewise emptied, but to no avail.

Realizing that there were 19,000 pounds of dynamite in the bed of the truck and knowing what devastation a charge of that type could cause, the heroic volunteer fireman, thinking nothing of his own safety and even after the truck driver had abandoned his vehicle, jumped into his own car and sped to the Union township fire garage a quarter of a mile away to bring the truck to the scene.

Playing on CO-2 extinguishers (Carbon Dioxide), the fire was soon out but not before much damage was done to the cab and undersection of the truck, but fortunately before it reached the dangerous cargo. The fire had been caused by a faulty emergency brake it was learned after the blaze was extinguished.

Residents of the district are heaping praise upon Mr. DelPrincipe for his heroic act actually beyond the line of duty. If the truck had proceeded on into the city and an explosion occurred, the destruction and loss of life would have been appalling.

LAKE SUCCESS, NEW YORK—Wearing a corsage on the occasion of her 66th birthday, Mrs. Eleanor Roosevelt raises her country's plaque to be recognized during the United Nations General Assembly's Humanitarian, Social and Cultural committee meeting. It was business as usual for the former First Lady, with a quiet family dinner planned for later in the day.

### U. N. Begins Emergency Plans For Korean Relief

By PIERRE J. HUSS  
(U. N. Staff Correspondent)

LAKE SUCCESS, N. Y., Oct. 12.—The United Nations starts today shaping emergency plans to rush relief into the war-ravaged areas of North and South Korea and effectively counteract expected Communist hunger propaganda.

A first-hand report on the Korean situation will be given the economic and social council by Col. Alfred G. Katzin, chief personal representative in Pusan for U. N. Secretary General Trygve Lie. Katzin left Korea on Saturday after three months in the embattled areas, with frequent trips to Tokyo to confer with Gen. Douglas MacArthur.

Katzin in a news conference expressed the opinion that the northern Communists have "no great capacity" for further resistance. But he declined to speculate on a target date for the final UN military victory in Korea.

Emergency Session

The 18-member economic and social council is holding an emergency relief session for Korea today on special assembly instructions. It will tackle "first things first" before proceeding to the mapping of rehabilitation and reconstruction on a general scale after all fighting has ended.

Although supplying North and South Korea with sufficient food and clothes to beat the winter cold and forestall the effects of Communist agitation constitutes the top problem of the emergency session, UN officials charged with producing estimates for the reconstruction blueprint of all Korea believe that close to one billion dollars will be required.

Katzin estimated that between 70 and 80 million dollars worth of goods are needed almost immediately to protect the South Korean population against the rapidly approaching winter. He said this estimate will increase as MacArthur's rapidly-advancing forces liberate most portions of North Korea.

### British Troops Make Advance In North Korea

By IRVING R. LEVINE  
(U. N. Staff Correspondent)

SEOUL, Oct. 12.—British troops on the right flank of the United Nations drive on the North Korean capital of Pyongyang today smashed northward to points 18 miles beyond the 38th parallel border.

To the west the Eighth Regiment of the U. S. First Cavalry Division, experiencing some of the toughest opposition in the border area, moved toward Kumhwa. The Eighth Regiment spearheaded seven miles north of the border during the day.

The British forces were advancing toward Sibonyi, key east-west road junction, 30 miles north of the parallel.

A first corps staff officer said,

### Stalin Wishes Success To North Koreans

LONDON, Oct. 12.—(INS)—Soviet Premier Joseph Stalin, in his first pronouncement during the Korean conflict, wished the people of Communist North Korea success today in "establishment of a United, Independent and Democratic Korea."

Stalin's statement, made on the occasion of the second anniversary of the establishment of diplomatic relations between Moscow and the Communist Korean people's Democratic Republic, was broadcast by radio Moscow.

### Guard Secret Of Meeting-Place Of Truman-MacArthur

HONOLULU, Oct. 12.—(INS)—Scene of the forthcoming conference between President Truman and General MacArthur remained a closely-guarded secret today.

The presidential plane is due in Honolulu Friday and will stop over for two hours before continuing west according to best available information.

Adm. Arthur W. Radford, Pacific fleet commander who has ordered the air-sea rescue service to take special safeguards for the president's trans-Pacific flight, insisted to newsmen that he does not know the proposed scene of the conference.

Washington reports that Wake Island has been chosen were greeted with stony silence in official circles.

The Dess truck was fully loaded with coal and turned over after crashing into the vehicle shown here. Both drivers escaped serious injury.

### Port Only 63 Miles Below Red Siberia

City Was Key Center Of Communications And Steel-Making

By HOWARD HANDLEMAN  
(Far Eastern Director, I. N. S.)

TOKYO, Oct. 12.—The giant American battleship Missouri and swarming U. S. carrier planes delivered a devastating shell and bomb assault today upon North Korea's big industrial port of Chongjin, 53 miles below the Soviet Siberian border.

The three-and-a-half-hour bombardment reduced the northeastern coastal city's harbor, rail, airport and steel-making installations to flaming ruins.

Smashing Blow to Center

It dealt a smashing blow to a key center of enemy communications and supplies several hundred miles behind the positions of Red troops opposing a United Nations drive 18 miles inside the southwestern portion of North Korea.

(In Washington, the navy announced that in addition to the Missouri the cruisers Helena and Worcester, the Australian warship Warramunga and the British cruiser Salom participated in the bombardment of the east coast.)

The surprise naval and air attack hit Chongjin as Allied troops struck to within 68 miles southeast of the Communist capital of Pyongyang while other columns in the central sector reached points 28 miles above the 38th parallel.

For three hours, the historic 45,000-ton Missouri rained one-ton shells from her 16-inch guns upon Chongjin in the heaviest battle

### Jail Breaker Badly Hurt In Escape Fall

PITTSBURGH, Oct. 12.—(INS)—A convicted killer and holdup man suffered a possible broken back early today in an attempted escape from the Allegheny county jail.

Police said two women found the man, Harold Hess, moaning and writhing on the sidewalk outside the jail wall.

He had escaped from a jail hospital cell by sawing a bar in a window and attempting to lower himself over the wall by means of retaining belts, police said.

The belts apparently broke dropping him 25 feet to the sidewalk.

The prisoner was under a life sentence in the Western Penitentiary for the holdup slaying of Joshua Lipman, a Pittsburgh jeweler. He was also sentenced to 35 years for various holdups.

He was being held in the county jail to appear as a witness in the case of an alleged holdup accomplice. Jail authorities said they had transferred him to the hospital cell not because he was ill but to segregate him from other prisoners.

An investigation is underway to determine how he secured a saw to cut the cell bar.

The farmer's wife takes a second breath as she looks at the work of the fall, the jellies, the pickles, the peaches and jam, they're up on cellar shelves, all. There's pickles of dill and of mustard and pickles enticingly sweet, there's kraut that is cured awaiting some pork, an enjoyable winter time treat. There's fruit of all colors, and jams of the same, the fall work is out of the way. And her family will eat, when there's snow in the street, it's damp, 57 today.

# Corp. Wm. Lewis Killed In Korea

## New Wilmington Area's First War Casualty Reported

New Wilmington's first casualty of the Korean war was reported Tuesday afternoon when a telegram from the War Department arrived at the home of Mr. and Mrs. Glenn Lewis, R. D. 1. It announced the death of their son, Cpl. William Lewis, which is said to have occurred September 24 in performance of his duty.

Cpl. Lewis was a member of the Marine Corps, having enlisted October 1, 1947. He would have been discharged the first of this month had not enlistments been frozen due to the present war. Following his basic training he was assigned to the "Toledo" for two years duty in Pacific waters and returned to the States in November, 1949. He had spent the months since his arrival in the Philadelphia Navy Yards until he was sent to California the latter part of July. Shipping out August 18, he arrived in Japan September 3, and landed with his unit in Inchon September 15.

No word had been received from him for a short while, the lull being broken when the word from the War Department Tuesday. It is thought from the meager details available that he was killed in the battle for Seoul. The telegram assured the parents that a letter would follow.

Cpl. Lewis was born at the home of his grandparents, Mr. and Mrs. John Neal, Pulaski township, July 21, 1925, and attended Wilmington township schools. He is survived by his parents, his maternal grandparents, a sister, Ina Jane, and two brothers, Ralph and Floyd.

**Leaves St. Louis Today**

Mr. Truman is to leave St. Louis for Hawaii, his only official announced destination, at 4 o'clock (EST) this afternoon after attending an Eastern Star luncheon for his sister.

The presidential plane "Independence" is scheduled to arrive at the Fairfield-Suisun Air Force Base, midway between San Francisco and Sacramento, Calif., around 1 a. m. Friday.

After a stopover for refueling, the president will fly on westward, arriving at Pearl Harbor at 1 p. m. (EST) Friday.

**Advisors To Accompany**

Top presidential advisors will fly from Washington to California today to join the president for the Pacific Conference. They include W. Averell Harriman, Gen. Omar Bradley, Army Secretary Frank Pace, Ambassador-at-Large Philip Jessup and Dean Rusk, assistant of state for Far Eastern Affairs.

The president is expected to rest Friday at Waikiki Beach, then take off around midnight for the flight westward to the conference on Saturday and Sunday.

The White House still retained its "security silence" over the site. But various sources around the presidential circle indicated Wake Island may be the gathering place.

Then the "Big Mo" circled around the southern coast of the Peninsula and hurled her shells into Communist positions barring the path of UN ground forces to Seoul.

The historic ship on which the Japanese surrender document was signed in 1945 dropped out of sight after the Seoul action and then in a typical surprise bombardment blasted Chongjin in the northernmost naval action to date in Korea.

But from my own personal knowledge I know that the veterans of two world wars who are American Legion members again will answer the call to safeguard our nation from harm if the need should arise.

More than ever before the American people should demand of their president that he direct his secretary of state to rid from that body any and all who do not hold foremost and highest the principles of democracy and the sanctity of Americanism.

If these be days of peril we have no time nor tolerance except for those who will give their all for the safeguard of our nation.

Be one of the first million women and girls to take part in the ecumenical register of Protestant church women.

Why should every Protestant woman sign the ecumenical register?

Every woman should sign the ecumenical register as part of the nationwide project that will place American Protestant women on record for greater Christian cooperation throughout the world.

It is especially important for women to show their unity and faith at a time like this when the world is torn with fear and hostility. Every church woman should be given a chance to join in this program.

Its false economy in cutting down national defense.

Its blindness to the warnings of such leaders as Gen. MacArthur and the necessity for such measures as universal military training.

# PORT ONLY 63 MILES BELOW RED SIBERIA

(Continued from Page One)

tleship bombardment of the Korean War to date. The shelling followed 30 minutes of carrier plane strikes at the vital port.

The mighty bombardment by the "Big Mo" was unleashed immediately after a half hour of air attacks on Chongjin by carrier planes of the U. S. Navy's Task Force 77.

**Mass of Wreckage**

Reconnaissance pilots who winged over the scene later in the day reported that the far northern Korean port, 53 miles southwest of Siberia's southern tip and 45 miles south of the Manchurian frontier was a mass of flaming wreckage.

The air observers said Chongjin's large steel mill was demolished. They described other targets—including the city's airport, an oil depot, railroad yards and rail tunnels—as destroyed under the torrent of the Missouri's shells and the carrier planes' bombs.

This was the biggest single stroke yet unleashed to smash major communications in the enemy's deep rear and thus isolate the red troops resisting the allied advances on Pyongyang and other strongholds in North Korea's southern areas.

**285 Miles North of Pyongyang**  
Chongjin, a city of 200,000 residents, lies 285 air line miles northeast of the communist capital of Pyongyang, which is on North Korea's western seaboard.

It is 265 miles due north of the 38th parallel and 220 miles northeast of Wonsan, the North Korean eastern port captured by South Korean troops.

Changjin is North Korea's first port of entry for ocean traffic from Soviet Siberia. It lies only 140 miles southwest of Russia's long pin far eastern port and naval base of Vladivostok.

The city is a vital junction on a double-tracked railroad that runs 44 miles north to the frontier city of Hoeryong and then crosses the Yaul river into communist Manchuria. The rail line then turns northeast to reach into Siberia.

**Drive Toward Pyongyang**  
The bombardment of Chongjin was carried out as tank-led United Nations columns speared 18 miles inside North Korea in a triple-pronged drive to within 68 miles of Pyongyang.

The allied forces struck into Kumchon's southern environs and at the same time pressed a pin-drive to envelop that southern gateway to the red capital.

Thousands of communist troops below Kumchon were threatened with encirclement, while far to the east other U. N. forces ad-

# Council Worried Over 1951 Budget

Council continued to struggle in city hall today in an effort to arrange a budget for 1951, which several days ago was tentatively set at \$1,026,794. Forseeable receipts for next year amounted to about \$895,000.

The tentative budget did not contain provisions for a raise in pay which council believes city employees are entitled to, due to the increased cost of living.

During the past day or more, some slashes from the tentative budget have been made, but how much has not been announced publicly.

## B. P. W. MEMBERS HEAR H. C. KLEBE

New Castle Business and Professional Women's club enjoyed a dinner meeting Wednesday evening in First Methodist church.

After serving, Mrs. Gladys Baker, chairman of the public affairs committee, introduced H. C. Klebe, county detective of Lawrence county, who spoke. Mr. Klebe, who was formerly associated with the Federal Bureau of Investigation, told how the Federal, state, county and city governments cooperate. His subject was "Activities of the District Attorney's Office."

An added feature of the program was a radio commentator's skit, entitled "Voteless America." The skit, based on an article, written by Senator Margaret Chase Smith, of Maine, shows the indifference of many citizens in civic affairs of their communities. The playlet's location was America on December 23, 1960.

Miss Lucile Lutton and Miss Helen Dana White, delegates to the district meeting at Ellwood City, gave reports. At that time Dr. Madeline O. Holland, Philadelphia, state B.P.W. president, spoke. Miss Ruth I. Himler, Latrobe, and Mrs. Ada M. Good, Kittanning, state B.P.W. first and second vice-presidents, respectively, were also present at the Ellwood City meeting. Miss Sarah E. Bernet, state B.P.W. membership chairman, conducted a workshop. Miss Nancy Bechtol and Miss Naomi Raney were appointed as auditors of the local group. The club will assemble again November 8.

## ADAMS-SILMAN CHURCH NUPTIALS

Miss Marjorie Adams, daughter of Mrs. Paul E. Adams, Wampum, R.D. 1, was united in marriage to L. N. Silman, son of Mr. and Mrs. Dick Silman, Mary, Pa., at a pretty ceremony October 7, at 8:30 o'clock in the evening. The impressive ceremony took place in Cheverton Christian church with Rev. C. P. Durbin officiating.

Given in marriage by her brother, Paul E. Adams, the lovely bride was attired in a stylish powder blue suit with navy accessories. Her corsage was of white roses and baby mums.

Miss Elsie Adams, the bride's sister, who served as maid of honor, wore a modish wine suit with which her corsage contrasted. E. W. Sessions, Houston, Tex., attended the groom as best man, while Harold Kelly ushered. Appropriate nuptial music was offered by Mrs. Robert Tillia. Mr. Silman is employed by the Tennessee Gas Co. The young couple will reside at 664½ Arch street, Meadville.

## MRS. R. PETERSON GREETS EIGHT SPOTS

Mrs. Robert Peterson welcomed members of the Eight Spots club into her home on East Wallace avenue on Wednesday evening. "Bunco" was the pleasant diversion of the occasion, with Mrs. Howard Tindal and Mrs. Lester Gibson winning prizes. Mrs. William Book was special guest of the evening. A tempting lunch was later served by the hostess. Plans were made for the next meeting to be held at the home of Mrs. Paul McConnell, 418 Martin street, October 25.

## WIMODAUSIS DINES AT CATHEDRAL

Main dining room of the Cathedral was the setting for the Wimodausis luncheon held Wednesday at 1 o'clock with the Halloween motif being reflected in the gaily decorated tables, mountain ash and leaves, pumpkins and low brass bowls of fall flowers adding a festive note. One hundred seventy-five ladies enjoyed the delicious meal. Mrs. Roy Long gave the invocation. Hostesses were Mrs. Kenneth Black, Mrs. Gertrude Rowland and Mrs. William Black.

Later the meeting continued in the East Lodge room, where the president, Mrs. Walter Gilmore, introduced the program chairman, Mrs. Dale Gardner, who in turn presented Dr. Mary Baker Davis, who gave a splendid and enlightening talk on "Cancer," illustrating her topic with pictures. The business meeting was opened with The Lord's Prayer and Flag Salute. Reports were given from the various committee chairmen and it was voted by the club to give \$500 to the Community Chest drive. It was announced that the tickets for membership to the Margaret Henry Home auxiliary were sold by the Wimodausis members. Several new members were welcomed into the club.

## BUSY DOZEN PLANS HALLOWEEN PARTY

A halloween masquerade party was planned when members of the Busy Dozen club gathered at the home of Mrs. Jean Audia, Croton avenue, Wednesday evening.

Sewing was the diversion following the short business meeting. Samuel Audia, Jr., and Mrs. Angeline Farrone entertained the group with several accordion solos. Special guest for the event was Miss Connie Caldaro, while Miss Eleanor Juliano was welcomed into the club as a new member. The club token was awarded to Mrs. Jean Audia.

In remembrance of her birthday, Mrs. Jennie Briggs was presented with a lovely gift from her secret pal. Dainty refreshments were later served by the hostess, aided by Mrs. Isabella Pascarella.

The halloween party will be held at the home of Mrs. Emma Farrone, Croton avenue, October 25.

## MARILYN MIKELS GREETS NU PHI MU

An installation dinner to be held Tuesday, October 24, was planned when members of the Pennsylvania Tau Chapter of Nu Phi Mu met with Miss Marilyn Mikels, 318 Summer avenue, Wednesday evening. The event will be held at a New Wilmington dining room. Founder's Day will also be observed at that time.

Mrs. Howard Frew gave a talk on "The Body Beautiful," demonstrating various exercises. Later, refreshments were served by the hostess, assisted by Mrs. H. Davenport.

G. L. G. Class Meets  
The regular meeting of the G. L. G. class of the Grace Bible church, took place in the home of Mrs. Margaret Nye, Albion avenue. Following the business session, a time of good fellowship was enjoyed by the members. Later a delicious lunch was served by Mrs. Nye and Mrs. Hallie Boggs, hostesses. The next meeting will be on November 14.

## JOHN HOLBERT TALKS TO EASTSIDE CLUB

The Eastside Garden club members met Wednesday afternoon at the home of Mrs. Clarence Kimmel, R. D. 3, Volant, with 14 members and one guest, Mrs. Harvey Croco, present.

After a delicious lunch and the reading of the Club Woman's Creed, John Holbert, Assistant County Agent, Agricultural Department extension, gave an excellent talk on "Putting a Garden to Bed." Many interesting phases of the subject were taken up and at the invitation of Mr. Holbert, the members of the club presented many questions concerning the care of gardens, lawns, shrubbery, etc. The members were greatly appreciative of the advice and information they received in answer to their queries.

After current business matters were taken up and discussed, the club adjourned to meet November 8 at the home of Mrs. Humphrey Richards, 626 Raymond street, with Miss Ueber as the leader.

## DINNER CLUB HAS EVENING PARTY

Mr. and Mrs. John Morgan of East Washington street welcomed members of the Six O'clock Dinner Club into their home on Tuesday evening. An attractive arrangement of baby mums centered the table. The delicious dinner was served by the hostess, assisted by Mrs. Paul Bratschle and Mrs. William Westlake.

Bridge and canasta were the diversions, with prizes awarded to Mr. and Mrs. Richard Gilmore and Mr. and Mrs. Robert Johnson. A dinner party will be held at the home of Mr. and Mrs. E. C. Smith, Englewood avenue, on October 24.

Von Bora Society  
Members of the Catherine Von Bora Missionary society of the St. John Evangelical Lutheran church met recently at the home of Mrs. George McClay, with Mrs. Joseph Eve, Jr., as co-hostess.

Miss Clara Albarn was leader of the evening, using as her topic, "We Learn to Worship." A hat social was the special feature of the affair. Complete plans for the next meeting will be announced later.

## GIBSON-MARTTALA WEDDING VOWS

Before an altar festively arranged with ferns, palms and lighted candelabra, Miss Anna Gibson was united in marriage to Harold Marttala in the Oak Grove Presbyterian church on Saturday evening, Oct. 7, at 7:30 o'clock, with Rev. Clyde Myers of the First U. P. church, Pittsburgh, officiating.

Given in marriage by her uncle, John Myers, the bride was lovely in a gown styled with a fitted bodice featuring a marquise yoke. The full skirt, enhanced by two lace insertions, terminated in a cathedral train. Her fingertip veil of illusion was edged with Chantilly lace and cascaded from a crown edged with seed pearls. She carried a colonial bouquet of white roses and stephanotis with dainty streamers.

Miss Louise Harlan attended the bride as maid of honor. She wore a gown of gold, fashioned with a sheer yoke, fitted bodice and full skirt on which were several tiny bows. Her bouquet, like that of the bride, was of Colonial type, consisting of bronze mums and pink roses. Miss Dorothy McCurdy and Miss Florence Marttala, sister of the groom, served as bridesmaids and were in gowns of aqua fashioned after that of the maid of honor. Their bouquets were of pink roses and yellow mums.

George Tervo attended the groom as best man. Ushers included Harry Myers, Jr., cousin of the bride, and Donald Marttala, brother of the groom.

Mrs. Richard Harrison accompanied Robert Myers as he sang "I Love You Truly," "O Promise Me" and "The Lord's Prayer." Immediately following the ceremony, a wedding reception was held in the church parlor for relatives and friends. Following their honeymoon to an undisclosed destination, they will reside at 306½ North Ray street.

The bride, a graduate of the Slippery Rock Township high school, is employed at the Atlantic & Pacific Tea company. The groom, a veteran of three years in the armed services, is now employed at the Youngstown Sheet & Tube company.

## V.F.W. AUXILIARY MARK ANNIVERSARY

Fifth anniversary festivities of the ladies auxiliary of V. F. W. 315 were highlighted by a tureen dinner at their hall on Wednesday evening. Husbands were guests of the occasion, with the delicious dinner served at 6:30 o'clock. Mrs. Hazel Cooper was in charge of arrangements.

Flowers, gourds and leaves in vivid fall colors decorated the table and hall for the event. Several post commanders were present at the dinner. Mrs. Rilla Rishel, president, was presented with a lovely gift from the auxiliary, and many members remembered her with tokens of friendship.

Greetings were extended to the group by Mrs. Evelyn Woods, past department president; Mrs. Lillian Davis, department patriotic instructor, and Mrs. Helen Gordon, president of the V. F. W. auxiliary 522.

During the business session plans were completed for a halloween party to be held at the hall on October 21. It was announced that the Tri-County Council would be held this evening at the Sharon post at 8:30 o'clock.

The next regular meeting of the auxiliary will be held October 25.

Heureux Neuf Club  
Members of the Heureux Neuf club gathered Wednesday evening in the home of Mrs. Dale Kagarise, McClelland avenue.

The evening was spent playing "500", with prizes going to Mrs. Herbert Ridgley, Mrs. Roy W. Warnock and Mrs. Ray Fulkerson. Mrs. Kagarise was presented with a lovely birthday remembrance from her secret sister.

A dainty lunch was served by the hostess at the close of the evening. Mrs. Frank Thompson, 465 East Washington street, will entertain on Wednesday, Oct. 25.

## Truman-MacArthur Conference

Determined efforts of Democratic forces within the United Nations to make of Korea the last place in the civilized world where ruinous war can yet take place capped their climax with President Truman's historic plan to visit Gen. Douglas MacArthur in the Far East. The totally unexpected and dramatic announcement from the White House that the Chief Executive will fly this weekend to the Pacific for a conference with his Supreme Commander in the Far East transcended all war developments.

It coincided with fresh United Nations military victories. It was followed within a few hours by a halting admission on the part of Soviet Foreign Minister Andrei Vishinsky that the U.S.S.R. favors, in one respect or another, an armistice contact with the high state executives to exchange views and information for the peace of the world.

## All Are Subordinated

But all the proceedings at Flushing Meadows and all the hard-fought battles along the 150-mile long Korean front where United Nations forces are beginning to clamp a hold on the Communist capital of Pyongyang were the sub-philosophy of the Truman-MacArthur meeting. It will be the first time that the Commander-in-Chief of the United States and the Commander-in-Chief of the Pacific forces will have met face to face. It also will be the first time that Gen. MacArthur has met with any president since his session in Hawaii with the late President Roosevelt and Admiral Chester W. Nimitz in a conference that resulted in a spectacular campaign of action that shortened the Pacific war by weeks if not months.

## Inevitable Speculation

There is inevitable speculation as to whether the Truman-MacArthur meeting is primarily a military one or whether it goes beyond logistics to embrace the entire philosophy of the United States government with regard to the Orient.

In the map-making scale, the military situation appears in order, although far from cut and dried. South Korean capture of Wonsan and a surge to the north on the route to Pyongyang by the U. S. First Cavalry Division have brought about the early possibility of a Communist defeat or capitulation in North Korea. It would be in keeping with Gen. MacArthur's system of logistics to leave a battlefront—even for a conference

## The Parent Problem

By Garry C. Myers, Ph. D.

## A CHILD'S RESPONSIBILITIES

Some parents and teachers are so skillful as to set the stage whereby a child chooses to do some things they otherwise loathe to do. The growing child takes on responsibility most readily, as a rule, when he feels he is doing something which only a much older person usually does. The tot likes to wash dishes at four and dislikes doing so, perhaps at 12. When the boy 10 or 12 plans and prepares a meal, he feels he is doing something quite grown-up and, therefore, likes to do it. For the same reason a youth may enjoy sharing in the family plans and in the deliberations of the student council. And it is well to capitalize on these urges.

## Few Instances

However, except in a few instances too rare to deserve mention, the older child will not share in household duties and drudgeries without definite urging and requirement from his parents. Parents are likely to be disappointed who think they can be so skillful as to set the family stage in such a way that the boy or girl will just naturally want to peel potatoes, scrub floors, make beds, sweep and dust, wash dishes, and the like.

When a child fails to meet such responsibilities, many parents assume that they have not been wise and skillful enough or they would have made these responsibilities attractive. Too many well-educated parents keep believing in this myth, that the child can easily be motivated by pleasurable means to do home drudgeries always when he should. Such parents are disillusioned, but often not until after the child is so old and so far advanced in schooling that the responsibilities that retraining him well is next to impossible. The upshot is that the average child is growing up now, especially in the homes of the more educated and well-to-do, without helping much in the household duties. The child becomes a mere parasite and his mother his slave.

Ever so many mothers wear themselves out drudging for their children — to the detriment of these children—even when they are 10, 12, 15 years of age. These mothers generally are annoyed at their children for not helping them, even charging the youngsters with ingratitude. When the child has not been trained to help at home, parent-child relationships are nearly always impaired and, consequently, the parent's influence on the child. How can any child sound in body, acquire good moral growth and education who does not learn to do his full share of work about the home? How can he ever gain a wholesome respect, not to mention gratitude and esteem, for a parent who is his slave?

In our book, "Homes Built Person," Mrs. Myers and I say: "Mothers could live longer, be healthier and happier, and their boys and girls could acquire a better moral character and citizenship, if their children were required, to help at home as much as they should."

## Bible Thought

For by grace are ye saved through faith; and that not of yourselves; it is the gift of God, not of works, lest any man should boast.—Ephesians 2:8, 9.

## 'SOMETHING HAS BEEN ADDED'

## Jobs For Columbus

(By HENRY McLEMORE)

This is Columbus Day, and I wish the old boy who stumbled on America while looking for a short cut to the Spice Islands and a good thing in the fifth at Santa Anita, were alive and kicking.

I'd like to pawn a few jewels and pay Chris to do a little discovering for me.

## Some Discoveries Needed

What would I like to have him discover in this, the good year of 1950? Well, I can't tell you all the things, but I can name a few. First off, I'd like him to discover some youngsters who do not have respect for middle age. Nothing hurts a man in his forties, who is sure he looks as young as he did when every car had a rumble seat and Mah Jong was the Canasta of the day than to have a college boy address him as Sir.

Nothing would please me more than to have all girls and boys between the ages of 15 and 25 call me Bud, Henry, Hank, Mac, or simply Hi. There! When they give me that Sir and Mr. McLEMORE business it just makes my joints creak a little louder, the twinge in my neck become a little sharper, and the hair on my head recede a little faster.

## Another Need

Having done this for me, I would dispatch Chris to discover a small super-market—a cozy, snug, super-market in which a shopper would not feel as if he were wandering in the vast spaces of the Sahara, and with just about as much chance of finding what he wants as a desert wanderer has of finding an oasis. During the past few years many are the precious hours I have lost looking for the ketchup department, the baked beans department, the Hasty Mix department in giant super-markets.

The boast of every builder of a new super-market is that it is the biggest this side of Sydney, Australia. The builders are making a mistake. What I want—and I feel this wish is shared by millions of others—is a store where one does not need radar to find the meat counter, or a guide to locate the cream cheese section.

## Long for Older Days

Frankly, I long for the day of the small grocery stores, when there were clerks to serve you, and a man had to have to be a master of the pushcart to lay in stores for the pantry shelves.

Mr. Columbus could also use his daring and courage to discover for me a reason why the railroad gave me a seat in the center of the car. Do railroads deliberately sell a man a seat on a car that is always the one that takes ten minutes to walk to, and is usually parked in the outskirts of the city? Just once in my life I would like to be standing in front of the car and to board it when the train pulls up. I know I never will, but there is nothing wrong in dreaming, is there?

## Other Discoveries Sought

Other things I would like Chris to discover for me. Why airlines board passengers before the motors are warmed and tested. What would be wrong in tuning up the big electric fans before the customers are made to take their seats? Many's the time I have sat on airplanes for half an hour before it was discovered that one of the engines needed a

This is Fire Prevention Week . . . which means that we all should be looking around our homes, schools and factories to see what condition things are in. Where can we improve our property . . . where by the risk of having a fire will be reduced. Lt. Campbell of the City Fire Department tells us that 60 percent of the fires in homes are caused by people carelessly using matches and cigarettes . . . Smoking in bed is number one on the list of causes for home fires. You and only you can correct that hazard.

Our schools are a prime factor in our community . . . for they house the citizens of tomorrow . . . our pride and joys . . . our heartaches . . . and we as citizens should insist that fire escapes on the school buildings be adequate . . . There has been a problem in the school budget for the past two years to handle this problem . . . nothing much has been done . . . we understand that some of the fire escapes are being rebuilt right now . . . and we also understand that they are being built in the highest grade manner. That's sounds fine . . . but we didn't like the talk about building the escapes so well that they would be used on the new school buildings that we build in the future . . . How do we know we will be using fire escapes on new construction . . . Let's not waste money but let's have the job done right to handle the situation . . . Perhaps it would be better to have experts in the fire escape business bid on reconstruction than overdo the job by maintenance men that could be better used on other work.

Trash in basements is another cause of fire which rates high on the list of don'ts . . . Putting hot furnace ashes in paper boxes is another bad thing people have . . . Property damage isn't the only loss in a fire . . . lives are priceless.

If you are in doubt about your place or that of your neighbor . . . call the Chief of the Fire Department . . . ask for an inspection . . . they are considerate and are anxious to prevent fires, NOT fight them.

## Washington Calling

(By MARQUIS CHILDS)

## Sees Parallels in Government

LONDON, Oct. 12.—At the start of the effort to rearm the west, you find certain parallels between the Labor Government here in London and the Truman Administration in Washington. They are both governments with reluctant and uncertain support, stuck on a kind of dead center of political and world crisis.

If there were an election in England this fall, as there is in the United States, the Labor Party would probably stay in power by the same marginal majority that gives the present government such an uneasy time. That is the view of Laborites and Conservatives.

## Opposed To Election

But Prime Minister Attlee is said to be firmly opposed to having an election this year. He rules with a tight rein over eager beavers, such as Minister of Health Aneurin Bevan, who argue with considerable logic that now is the time for a showdown with the Tories.

The fear is that six months from now the Conservatives can win. The rearmament program will have forced prices up. Some of the bated economic controls may have to be restored and the Labor utopia postponed for an indefinite period.

That is why many Laborites make a wary face over the rearmament program. They are swallowing the dose but with a grim sort of reluctance. Things have just begun to get at least nearer a balance and then along comes this bloody armament business.

The complaints from the Conservative side sound like those that come from the Republicans. The Conservative press has been full of criticism of the British maneuvers held in the British zone in Germany. Equipment was for the most part outmoded and the Tories want to know where the money spent for defense has gone.

## As In America

As in America, the fact is that a comparatively small amount—in comparison, that is, to the seriousness of the threat of peace—has been spent. According to American estimates, 6.8 percent of Britain's total gross national production has gone in the past two years for defense.

The British themselves put the figure at 7½ percent. Under the expanded arms program it will go to approximately 10 per cent.

Labor cabinet members talk hopefully of expanding production within their planned economy in such a way that their welfare state will not be harmed. But privately they are not too optimistic, especially as the world prices of such essential commodities as rubber and wool are soaring. And even now, before the expanded arms program has got started, the complaint against high prices is bitter and prolonged. The government can show statistically that the rise is small, but the housewife who goes to shop finds price tags higher.

While parallels can be discovered, there also are sharp differences between London and Washington, the Laborites and the Democrats. Attlee presides over a thoroughly disciplined party. Those who do not obey orders are read out, as were the wobbly Leftists who persisted in opposing the party's determined stand against Communism at home and abroad.

## Program Advances

Thus the program of economic and social change goes forward. Some timid Laborites in the House of Commons would have liked to put off the issue of nationalizing the steel industry. But all party orders, they cast their votes to supply the slim majority of six out of 606 votes cast.

The Labor Party conference just ended at Margaret is an example of the kind of control exercised by the leadership. Resolutions sent up by the rank and file made plain the smoldering resentments, particularly on various phases of foreign policy. But the party machine rolled over them.

Foreign Minister Ernest Bevin, just back from New York, is a powerful persuader. And he had some persuading to do. In one wing of the party there is resentment over what is said to have been "dictation" by Secretary of State Acheson on German policy. According to this view, Acheson forced Bevin to agree in principle to the formation of German military units of division strength. Among some who hold influential positions in the Labor Government the fear of Germany is as great as it is in France.

## Anti-American Feeling

The decision on Germany fans the anti-American feeling that exists in some sections of the party. This comes out of a double-barreled delusion. One side of the delusion that lingers nostalgically from the past is that the Russians really don't mean any serious harm and that if they're just left alone, everything will be all right. The other and more insidious phase of the delusion is persistently cherished by the Left-Wingers who find expression in the new statesman and nation. This is that Communism is inevitable anyway and therefore the best thing for Britons is to try to adapt themselves to the coming of the new era with as little pain and fuss as possible.

These disputes do not touch very directly the average voter. As with his counterpart in America, he grumbles over having to stir himself out of the peace and quiet that at long last he thought he was entitled to enjoy.

## Looking At Life

By ERICH BRANDEIS

With all their follies and foibles, people still make up the most interesting part of the world in which we live.

I have just found that out on an early autumn trip over a few hundred miles of road that were full of people in July and August but are practically deserted now.

In July and August the summer tourists seemed a nuisance. Every hotel, every inn, every roadside stand, every restaurant was crowded.

You practically had to make a reservation for a hot dog or a cheeseburger sandwich.

The roads were crawling with crazy drivers, there was noise and confusion and—LIFE.

But now it was all different. The countryside was just as the poet and naturalist H. D. Thoreau described it in his famous "Walden"—grand, majestic, awe-inspiring and LONESOME.

Occasional loneliness is good for anyone. It is not only good but necessary.

Too many of us are so immersed in crowds that we never get a chance to get acquainted with ourselves.

Much too much thinking, TOO much self-study, TOO much introspection may lead not to fame and fortune but to the nearest mental institution.

This trip which taught me the value of PEOPLE was from our home in Connecticut to lovely Lake George, one of the prettiest in the east and one of the liveliest vacation resorts during the summer months.

A friend of ours has a home right on the lake, and this year she decided to stay there until November.

We invited us up for a few early fall days and we were happy to go.

We remembered the fun we had there in July, the fishing, the speedboat, the moonlight parties, the drive-in theater, the young folks in their bathing suits, the flowers, the trees, the hills.

So we got into the car and went. We drove through the same country that was so attractive, so sunny, so warm just a couple of months ago.

Instead of cars from every state we saw mostly local license plates, many old local jalopies and quite a few horse-drawn wagons.

Instead of the smiling keepers of "Tourists Accommodated" places, we saw "Closed For The Season" signs.

The lake itself was like Goldsmith's "Deserted Village." All the boats had been put away for the winter. Most of the hotels, motels, restaurants and souvenir stores were closed.

From more than 25,000 colorful pleasure-seekers, the population had dwindled to its normal 900.

There were the same lovely hills, the same placid water, the same majestic trees, and even still some of the flowers.

But something was missing, something for which all the beauties of nature could not compensate.

What was missing was the hustle (Continued on Page Six)

Eugenics is a pretty big word. It means science which deals with the improvement of the human race by looking after marriages a little better.

It means trying to improve the quality of your relatives. Of course you are a pretty good specimen yourself but some of the relations are nothing to brag about.

## More U. S. Troops Reach Germany

BERLIN, Oct. 12.—(INS)—Lieut. Gen. Manton S. Eddy, commander of United States ground forces in Europe, said today that the first American troops ordered into Germany to strengthen allied defenses there already have arrived.

The general revealed that units in Berlin will be bolstered with these forces immediately. Eddy said that the reinforcements will be deployed throughout Germany along "tactical rather than occupation lines."

Previously it had been disclosed that for purposes of defense the Americans, British and French would forget about zonal lines in their occupation areas.

Eddy said that a joint three-power command in western Germany might be considered but that no decision has yet been reached.

He declared that "the American soldier is going to fight" if there is any outbreak of hostilities, and added that "we will attempt to defend Berlin, but we can't say whether successfully or not."

Maj. Gen. Maxwell Taylor, commandant in Berlin, disclosed at the same time that plans to bring heavy armor into Berlin are being studied.

## Supposed Films Of Flying Saucers Being Sent Back

DAYTON, O., Oct. 12.—(INS)—The air force is sending back to Great Falls, Mont., the films a baseball manager said he took of flying saucers.

Officers said they could not make out any saucers on the film, declaring it was "too dark to distinguish any recognizable objects."

The film was viewed at Wright-Patterson air base. Nick Marianna, the baseball manager, took the pictures last August 15 of two objects which he said buzzed over the Great Falls ball park. Later, he said, an air force officer confiscated the film and told him not to give out any more details about it.

The mayor sidestepped the question of salary increases for city and county employees.

## HOW TO USE THE BIBLE

READING SCRIPTURE: "MAKES THEE WISE UNTO SALVATION," SAID ST. PAUL

Scripture—Psalms 19:7-11; Acts 8:26-39; II Timothy 3:14-17.

Philip and the eunuch.

"The opening of Thy words giveth light; it giveth understanding."—Psalm 119:130.

By NEWMAN CAMPBELL

The Bible is still the world's "best seller," despite the immense output, through the ages, of secular writers. Millions of copies are printed and distributed over the globe every year.

How many read he Scriptures? That cannot be answered with any certainty. How many read it with understanding? That too is problematical. Our lesson tells us of one who read, earnestly, but not understanding what he read, was told by a messenger from God and became the first Gentile convert to Christianity.

The psalmist knew the value of Scripture reading. He says: "The law of Jehovah is perfect, restoring the soul: The testimony of Jehovah is sure, making wise the simple."

The "simple" does not mean the stupid, but those who have a childlike trust and are willing to learn.

"The precepts of Jehovah are right, rejoicing the heart: The commandment of Jehovah is pure, enlightening the eyes. The fear of Jehovah is clean, enduring forever."

"The ordinances of Jehovah are true, and righteous altogether. More to be desired are they than gold, yea, than much fine gold."

"Sweeter also than honey and the droppings of the honeycomb. Moreover by them is Thy servant warned: In keeping them there is great reward."

Gold—even "much fine gold"—does not make men happy. How many rich men have found that out. If they gain all the things money can buy, they may still be

lonely, misunderstood and unhappy.

Now we come to the story of the first Gentile converted to Christianity. The Apostle Philip—one of the seven appointed to administer some secular business in the Jerusalem church—was called by an angel of God to go to the road that ran from Jerusalem to Gaza.

He hurried to do the bidding and saw a very important Ethiopian who was treasurer to Candace, queen of Ethiopia.

He was riding in his chariot from Jerusalem where he had been for worship, and as he rode

he read in the book of Isaiah. The Spirit directing Philip told him to go near and join this man. Philip did so, asking the Ethiopian if he understood what he was reading.

"He was led as a sheep to the slaughter; And as a lamb before his shearer is dumb, so He openeth not His mouth: In His humiliation His judgment was taken away: His generation who shall declare? For His life is taken from the earth."

Who was the prophet speaking of? asked the eunuch. Of Jesus, answered Philip. And he proceeded to tell of Jesus and His teaching; how He was killed by unbelievers and buried, then rose from the dead.

As they proceeded on their way, the Ethiopian said, "See here is water; what doth hinder me to be baptized?"

"If thou believest with all thine heart, thou mayest," said Philip. The man said he believed that "Jesus Christ is the Son of God." Both men went into the water and this unnamed man was baptized.

St. Paul, writing to his "beloved son," Timothy, sums up the

benefits of reading the Bible. "But continue thou in the things which thou hast learned and hast been assured of, knowing of whom thou hast learned them:

"And that from a child thou hast known the Holy Scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus."

"All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness."

"That the man of God may be perfect, thoroughly furnished unto all good works."

We may not grow perfect by studying the Scriptures—that is not possible for human beings. But we can be greatly helped to that end if we study the Scriptures, understand them, and try earnestly to live as Jesus would have us.

## Will Honor New Croton Pastor

REV. FLOYD DUNCAN

Croton Methodist church will honor its new pastor, Rev. Floyd Alexander Duncan, at a public reception to be conducted in the church this evening at 8 o'clock. James Snow, superintendent of the Bible school, will be master of ceremonies for the well balanced

program which has been arranged by the committee.

A number of visiting pastors will be on the platform to participate in the program. Following the meeting in the church sanctuary, a social period will be enjoyed in the church dining room.

### Comes From Virginia

Rev. Duncan, who transferred from the Virginia Conference to the Erie Conference of the Methodist church, assumed his new duties here on September 17. He is a native of Lincolnton, N. C., where he received his grammar and high school education.

He graduated from Wofford college in Spartanburg, S. C., in 1938, and the Duke university school of divinity in 1941. From 1942 to 1946 Rev. Duncan served as a chaplain with the United States Transport Command. Returning from his chaplaincy duties, the new Croton minister enrolled in Duke University Theological Seminary.

He has served as pastor of the Chester Methodist church in Chester, Va. He was also district chaplain for the Virginia military district while in Virginia before coming north, serving three years after the war.

Rev. Duncan is now residing in the Methodist church parsonage on Haus avenue. He is not married.

## Nationalization Of Steel Industry In Britain Delay Urged

By THOMAS C. WATSON  
(U. S. Staff Correspondent)

BLACKPOOL, Eng., Oct. 12.—(INS)—The British Conservative Party opened a crucial three-day conference in Blackpool today and immediately passed a resolution asking the Laborite Government to delay nationalization of the steel industry.

The resolution also pledged closer cooperation with the United States and commonwealth powers in matters of foreign policy.

Former foreign secretary Anthony Eden, principal speaker at the opening session and deputy leader of the party, charged that Britain's present radar defenses are "seriously deficient."

Eden said also that the nation's tank production must be increased. The conference plans principally to seek new ways of ousting the socialist regime of Prime Minister Clement Attlee from power.

The resolution passed by the conferees had the backing of the party executive and was put together from a series of resolutions submitted by conservative organizations throughout the country.

## Back From Visit In England And Wales

After residing in the United States for 54 years, Arthur J. Rees, of the editorial staff of "New Castle News," has returned from a visit in Wales and England with relatives in Port Talbot, Cwmavon, Cymmer, Swansea, and other points in South Wales, and Yeovil, Chippenham, Poole, and Sherborne, south of England.

Mr. Rees reports having enjoyed his trip very much, and was graciously received everywhere. While visiting an aunt, aged 84, and cousins in Swansea, a cousin took him by car to see the destruction wreaked to buildings by bombs in World War II, some levelled to the floor; also saw much damage to other cities. Folks across the street from where Mr. Rees stayed had their home torn in two, and had to seek shelter with neighbors.

Among the objects of great interest were the great Abbey Works of the Steel Company of Wales, several miles long, from Port Talbot to Margam, not yet completed. Much of the castings for this plant was made at the Pennsylvania Engineering and United Engineering Company of this city. Stonehenge in Wiltshire, most famous monument of antiquity in British Isles dating about 2,500 B.C.,

erected huge stones as part of religious ceremonial. Cheddar Gorge and Cheddar Caves, and "Rock of Ages" (cleft), in Somerset; great Cathedrals at Wells and Sherborne.

The ocean trips over on the "Queen Elizabeth" and return on the "Mauretania" were very enjoyable, with splendid "eats" and accommodations, and good associations among the passengers.

## Folks Of Fame

Born in London, England, May 23, 1799, Thomas Hood, humorist and poet, earned his first money by revising a new edition of a well-known book. His Odes and Addresses was published in 1852. His serious verse did not bring him fame, but his series of the Comic Annual did. The Dream of Eugene Aram first showed his full poetical power. The Song of the Shirt, Bridge of Sighs, Song of the Laborer were other poems which depicted the appalling conditions of the industrial worker of his day. Faithless Nelly Gray, Faithless Sally Brown, I'm Not a Single Man, etc., are in humorous vein. Ode to Autumn, The Water Lady, Flowers, show his love of nature and fanciful side. He died May 3, 1845.

Maximilien Robespierre, French revolutionary leader, was born in Arras May 6, 1758. In 1793 he was elected to the States-General, attaching himself to the extreme left wing. As his influence grew, he was appointed public accuser. King Louis XVI fled the throne and the Reign of Terror began. He was elected first deputy for the Paris National convention, and joined with others in urging the king's execution. Elected to the first Committee of Public Safety he became the actual ruler of France. In the drama of the Revolution, dark intrigue and desperate struggles of opposing parties he sent George Jacques Danton and other leaders to the guillotine, and he reigned supreme. His power, however, waned, and he was arrested, wounded, and next day (July 28, 1794) he was sent to the guillotine. This was the end of the Terror.

King Louis XIV of France sometimes wore a pair of solid platinum shoes.

**Driver Hurt In Leap From Cab**  
**Brakes Fail On Steep Grade Near Altoona**

Word has been received from Altoona that Walter C. Hopper of R. D. 7, Mahoningtown, suffered a probable broken ankle on Wednesday, October 11, in leaping from the cab of his semi-tractor-trailer which plunged down a steep grade near Altoona.

Hopper said the brakes failed as he was descending Cresson mountain on the William Penn highway. The vehicle, which was loaded with cement, smashed into an embankment and crushed the cab compartment. He was treated at Mercy hospital in Altoona.

**Holy Rosary Group To Meet Tonight**

The Holy Rosary and Sacred Heart Sodality of the seventh ward will meet tonight at 6:30 o'clock in St. Lucy's church meeting rooms.

Mrs. Rose Leone will preside and an important session is scheduled.

**Simpson W.S.C.S. To Mark Anniversary**

Members of the Women's Society of Christian Service of Simpson Methodist church will celebrate their tenth anniversary at the regular meeting on Friday evening in the home of Mrs. William Metz, 1003 North Cedar street, with members of Greenwood WSCS as special guests.

The meeting will be in charge of Mrs. Isaac Llewellyn. The topic for discussion will be "Amidst the Suffering Throng". A splendid program has been prepared, and a large attendance is anticipated.

**Hears That Soldier Son Visits In Italy**

According to a communication received by Mr. and Mrs. Frank Iovanella of 510 West Cherry street, their son, Lieut. Fred Iovanella, and his wife, stationed at Nuremberg, Germany, are spending his furlough visiting relatives in Italy and seeing the sights of Rome and other cities.

**S.C.W. Class Has Business Session**

At the home of Mrs. Joseph Frew, 609 North Cedar street, members of the S. C. W. Bible class of Mahoningtown Presbyterian church were entertained on Tuesday evening, Mrs. L. M. Wilkison was associate hostess. The devotional exercises were conducted by Mrs. H. E. Rhodes.

The business session was in charge of Mrs. Eva Druheiler. A nomination committee was appointed to present names for officers to be elected at the next meeting: Mrs. Gertrude Marshall, Mrs. L. M. Wilkison and Mrs. William G. Sapper. A report was received from the treasurer, Mrs. Gertrude Marshall, and old business was closed.

A delicious lunch was served by the hostess and associate hostess.

Next meeting of the group will be at the home of Mrs. John Fisher, West Madison avenue, on Thursday evening, November 9.

**Boy Scouts To Have Annual Roll Call**

On Saturday evening members of Boy Scout troop No. 4 will assemble at Mahoning school at 7:30 o'clock, with scoutmaster William E. Weitz in charge.

At this meeting there will be the annual roll call and inspection, and a full attendance is requested.

There will be a tenderfoot investiture ceremony, and the showing of pictures taken by the scoutmaster at the National Jamboree at Valley Forge in July.

Parents night will be observed. Parents and friends of scouts are cordially welcome.

**Seventh Ward Notes**

Mr. and Mrs. Harold McKim and daughter Ann of North Beaver township have left for Alhambra, Ill., where they are visiting with relatives. Later they will go on to Turon, Kan., where they will visit with Mrs. McKim's mother, Mrs. George Messerle. The McKims expect to be away two weeks.

Mrs. J. D. Gilmore of West Cherry street is recuperating from a recent illness at the home of her son and daughter-in-law, Mr. and Mrs. Howard Gilmore, Albert street.

This evening the Mahoning Methodist WSCS will meet in the church parlors at 7:45 o'clock.

At Mahoningtown Presbyterian church this evening at 8 o'clock there will be a joint meeting of M. E. G. auxiliary and the opportunity Circle. Mrs. J. W. Creighton will make an address.

**HIT BY FLYING CHIP**

Ralph Ziegler, R. D. 8, Worthington avenue, suffered a laceration of the forehead Wednesday when he was struck by a chip while working at Kleckners. He was taken to the Jameson Memorial hospital where he was treated.

**Grow Watermelons Without Any Seeds**

CHICAGO, Oct. 12.—(INS)—A great boon for watermelon eaters was reported today by Vaughan's Seed Co. in Chicago.

The company said a new type of seedless watermelon has been grown successfully in its experimental plots in Western Springs, Ill. The company expects to place the hybrid seeds which produce

it on the market next spring in limited quantity.

More significant, said Alan Vaughan, head of the vegetable seed department, is that a formula has been discovered that could be applied to all watermelons.

Vaughan said his company obtained seed for the new melon from Japanese plant breeders who developed it by hybridization.

## In The Open

Even though the all-golden Indian Summer is almost upon us, the little folk of the wayside are now hard at work batten down the hatches in preparation for the cold dark days that lie ahead. This is twilight time in the timberlands, a twilight marked by luminous afterglow from flaming gum trees and flaring maples. High carnival days of color and pageantry are over for most of the wayside wildlings. From now on it's a race against time—a race to set seeds and mulch exposed roots before the shadow of the black angel of the frost death passes over the land.

The countryman on his weekly rounds through the thickets senses the quickening tempo on every hand. Some ageless instinct has warned the countryside that "it's later than you think," and the rush is on to complete another cycle in the rolling years. The immutable law of seed-time and harvest brooks no foolishness, no slow-downs when the assembly lines are set for the final run.

Yesterday while traversing a two-mile stretch of paved road I counted 17 woolly bear caterpillars scurrying across the roadway in search of suitable winter quarters. This "brown and furry, caterpillar in a hurry" is a common roadway companion nowadays. He has felt the October moving urge and is hurrying to find him a snug home for the winter.

**Will Sleep Through**

Curled snugly beneath a bit of bark or some other convenient shelter the woolly fellow will sleep out the cold months, protected by his fur coat. Halt the next one you see rushing around and watch him curl up like a hedgehog, present-

ing a bundle of bristles to any aggressor, be it hungry bird or curious human. Come Spring he'll wake up long enough for a few good meals and then will weave himself a woolly cocoon from which he will presently emerge as the beautiful Isabella tiger moth.

The belligerent white-faced hornets who built the tremendous Jack-o-lantern paper nest in the pear tree, are spending their last days in riotous living. Household cares are over, the sleek queens ready to face the rigorous days ahead. "Eat, drink and be merry, for tomorrow we die!" is the watchword for all the remainder of the tribe and their tipping in the grape arbors has been a scandalous thing.

**Evidence Of Turning Year**

Everywhere the countryman sees evidence of the turning year. The chipmunk and the sloe-eyed deer mouse watch each other jealously as they labor in the beech groves, storing away the tiny nuts for future reference. Old Man Whistler tries to find room to stuff some more clover into his grizzled hide. He's already so fat he can hardly waddle and one day soon he'll get

too sleepy to stay above decks any longer.

It's a little too early yet for the tangy October smell of burning leaves along shady village streets, but I came across a sure sign of the times one recent evening. I was parked along a remote country roadway, preparing for a few branches of bittersweet for the home vases, when I heard a great clamor just around the next bend. There were sounds as of a tree thrashing in a strong wind, and much exuberant youthful comment.

When I had finished my chore I drove on to investigate. Here was a quartet of grimy youngsters, up to their ears in walnut stains, load-

ing a monstrous sack with the hulled nuts. One of them had been up the tree to shake down the whole crop, and as I came along they were hard at work smashing off the dripping hulls.

For sometimes I had entertained misgivings that the movies and Saturday football had lured youngsters from their October heritage of walnut stains and wild grape colic. It is a pleasure to report that my fears were unfounded. At least some of our present-day crop of kids have not forgotten and are building simple outdoor memories which will forever nourish the small boy, whatever the future brings their way.

SASSY FRASS.

Did you ever wonder what treatment is given the letters you write to Customers' Corner?

Here's what happens to every letter received:

1. The letter is referred to the particular department or store involved for their study and reaction.
2. Once we get the necessary information your letter is answered.
3. If the subject is too complicated to be covered fully in a letter, a company representative visits you.
4. Your comments and suggestions are added to those of other customers to give us a better picture of what our customers want.

In other words, each letter is given the most careful consideration.

Won't you let us have your suggestions as to how we can make your A&P a better place to shop? Please write:

## Reveal Red Atrocities In Seoul Before Evacuation

The last days of the Communist occupation of Seoul will probably rank in history with the atrocity-filled final phase of the Japanese occupation of Manila. In the following dispatch International News Service War Correspondent Irving R. Levine gives a firsthand account of the terror visited upon luckless anti-Red residents of Seoul.

By IRVING R. LEVINE  
(I. N. S. Staff Correspondent)

SEOUL, Oct. 12.—Two days after General MacArthur formally turned over Seoul to the South Korean government the Korean capital's mayor led a small group of persons up a hillside in the eastern suburbs to examine evidence of Communist atrocities.

The Mayor's kerosene-burning automobile wheeled to the end of a road and then we walked along a trail leading up a slope to the east ridge which overlooks the city.

At the foot of the trail an old woman tended her garden but paused to answer the mayor's questions.

She said that for several nights from September 18-22 her sleep was disturbed as persons marched by her house.

**Volleys Of Shots**  
In each instance, she said, some minutes after the procession volleys of shots could be clearly heard from the ridge.

Along a stretch of the ridge shorter than a quarter mile in length this correspondent counted 27 bodies. Four of them were women. A baby still was strapped in oriental fashion to the back of one of them.

Some victims had both wrists bound together. All had their left wrist bound with a cloth-like rope by which they apparently had been led up the hillside.

The most conservative official estimate of the number of Seoul residents executed in this fashion is 5,000.

**Claims 12,000 Executed**  
South Korean Brig. Gen. Lee Chon Sik who is in charge of atrocity investigation claims that 12,000 is more accurate figure.

On the slopes of this ridge, solemn-faced families were hurrying relatives whose bodies they had identified. It was the first day on which civilians could venture into these suburban hills without fear of sniper fire.

Members of the funeral parties

approached Mayor Ki Poong Lee and told their stories.  
Choi Myung Sik, a cannery employee and father of four children, pointed to the body of his wife. He said she had been arrested after he had run away rather than report for duty in the North Korean army.

Lee Sang Duk, a city employee said Communist police arrested his wife because she could not tell them where her husband was. He had fled south but his pregnant wife had remained behind with their two children.

**Policemen First Targets**  
An old woman said her husband had been taken because their son was a member of the South Korean National Police.

Accounts by scores of Seoul residents indicate that policemen were the first targets of the North Korean Reds in revenge for ferreting out underground Communist groups after the party had been outlawed in South Korea.

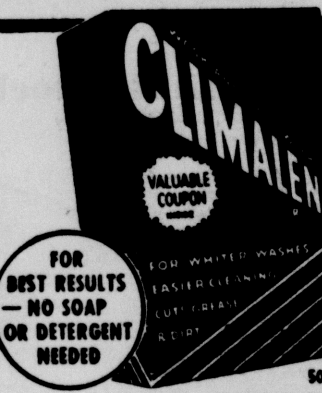

Dr. Helen Kim, South Korean minister of information, said she expressed the sentiments of many of her friends when she commented:

"Thirty-six years of Japanese occupation was bad enough but not as bad as three months of Communist occupation."

"It was a cruel and tragic demonstration but our people have learned first hand what Communist rule means."

"It is a lesson we will never forget."

## Christian Endeavor Executives Meet

Lawrence County Christian Endeavor Executive Board met recently at the Y.W.C.A. The meeting was opened with a reading and prayer by Gay Shaw. Grace Kelly read the action of the last meeting. President Lillian Martin was in charge.

Announcement was made that Loyalty Day would be held on December 10. Each society will hold its own program. The pur-

pose of the day is that each society reaffirm its faith in Christ and in Christian Endeavor.  
James Thompson, first vice president of the State Christian Endeavor spoke of the assembly to be held next summer.  
The next meeting will be November 2.

Dr. George R. Minot, one of the discoverers of the cure of pernicious anemia with liver extract, was a victim of diabetes, and lived with his disease for 28 years, to die of another disorder.

## Around Hollywood

By JAMES PADGITT  
(International News Service Staff Correspondent)

HOLLYWOOD, Oct. 12 — The Metro-Goldwyn-Mayer tape measure came up with a startling discovery when Joan Bennett and Elizabeth Taylor visited the wardrobe department to be fitted for their duos for "Father's Little Dividend."

### Liberalize Pass Policy For Men At Camp Atterbury

CAMP ATTERBURY, Ind., Oct. 12.—(INS)—Announcement of liberalization of the pass policy for enlisted men of the 28th division was made today:

Chief changes are:

1. The number of men permitted off the post on evening passes has been increased five per cent.

2. Thirty-six hour weekend passes are now permitted within authorized quotas.

3. Married men whose wives are living near Camp Atterbury are now permitted to have some overnight passes.

Meanwhile, Maj. Alfred L. Beck, life insurance man of Harrisburg, Pa., was appointed division life insurance officer for the division. Beginning Friday, insurance applications will be taken from the soldiers. The government insurance allows up to \$10,000 coverage.

Decide On Sequel  
The Taylor measurements include a 36-inch bust and 35-inch hips. Joan is down for a 35 and 34.

Both femmes were in "Father of the Bride" and the comedy was such a rib-tickler that the studio decided on a sequel.

In "Dividend" Liz plays an expectant mother and for most of the picture she wears maternity garb. The studio did not want their beauty to trapeze around in ill-fitting mother Hubbard's, so something ultra-special was sought.

The wardrobe experts got together and whipped up something new in the way of "Ladies in Waiting" costumes, something that they are sure will start a new style for mothers-to-be throughout the nation.

No Give-Away  
The costumes are not trimmed in stork feathers nor are they anything like the old two-piece outfit, which the wardrobe ladies describe as a "dead give-away."

The designers whipped up some print frocks of one piece with a slim skirt, full blouse and with just the hint of a plunging neckline.

The prize wardrobe in the picture goes to Joan. She has a dozen and a half costume changes, all the very latest from the studio designers. Joan has always been known for her wardrobe and the studio does not let her down in this one.

Spencer Tracy is another star in the film. He will just wear a few old business suits and a sport shirt now and then, if anyone cares.

## Military Assistance Sought For Korea Once It Is Unified

WASHINGTON, Oct. 12.—(INS)—Korean Foreign Minister Ben C. Limb urged today a military assistance program for his country, once it is unified, to prevent repetition of Communist aggression.

Limb expressed his views on Korea's future in an interview with International News Service. He asserted Korea has enough troops to maintain security within the country, after the end of hostilities, provided the UN can supply proper equipment and training.

The Korean statesman, in Washington for conferences with American officials, conceded the United States would have to bear the largest share of any UN assistance program.

Limb added his post-war UN force stationed in Korea until the National Army becomes strong enough to hold its own against outside attacks.

## SOCIETY & Clubs

Saturday Nitters Club  
Mr. and Mrs. Jack Weatherby, of Epworth street, received the Saturday Nitters club, Saturday evening in their home.

Tables of 500 were in play, high score prizes going to Jack Weatherby, Mrs. Ralph Perdue, Mrs. Harold Lenhart and Ralph Perdue. The birthday of Mrs. Ralph Perdue was honored. At a later hour, a dainty lunch was served by the hostess, with the aid of Mrs. Lenhart.

October 21, is the meeting with Mr. and Mrs. Clare Wallace of Jackson Knolls.

## A "NATURAL" For FULLER FIGURES

Twin-Flex by May Joie

\$13.95

Here's why Twin-Flex is the buy for fuller figures. It's made with an exclusive telescoping back panel that extends when you bend for extra action inches. Whether you bend, stretch or sit the magic of the Twin-Flex design gives where it should for comfort and holds what it should for fashion. And there's no downward drag of the bust—no diaphragm pressure, shoulder strap or stocking pull. Sizes: 37 to 48.

The Twin-Flex telescoping back panel makes stretching and bending movements of ease and grace. There can be no shoulder strap or stocking pull, no ride up in the extra action inch comfort of Twin-Flex.

# Why rinse?

new No-Rinse Surf gets your wash so clean you need never rinse again!

Yes, a clean, clean wash—really sweet-smelling CLEAN—so clean you need not rinse! That's the miracle that No-Rinse Surf has made come true—if you're skeptical, just try it!

All you do is wash—wring—dry! There's no reason to rinse when you use No-Rinse Surf! Because new Surf contains a miracle ingredient that floats dirt away—keeps it from getting back into clothes! Just take your wash right from the tub and run it through the wringer or spin-drier. Clothes come whiter, brighter than with any other soap or suds you can buy!

Lever Brothers guarantees it! We guarantee your wash will come off the line cleaner, softer, smoother—ironing—with half the time and work. And No-Rinse Surf is safe for fabrics—the only washday product approved by the United States Testing Company for no rinsing!

- 1 Cuts washing time and work in half!
- 2 Clothes come whiter—colors brighter!
- 3 Actually helps clothes wear longer!
- 4 Wash dries sweet and soft!
- 5 Clothes iron like a dream!

OR TRIPLE YOUR MONEY BACK! If you are not completely satisfied, return unused portion in package to Lever Brothers Co., 80 Varick St., New York 18, N. Y., and triple the purchase price, plus postage, will be refunded.

"Seeing is believing!" says MRS. C. L. STERLING, 720 W. La Ciede Ave., YOUNGSTOWN

"I'll admit I was skeptical about this 'no rinse' business, so I really put it to the test! I washed all my bedding with No-Rinse Surf. What a difference it made, not having to rinse heavy things!"

"I kept peeking at the wash on the line—to see what would happen. Well, my blankets dried so fluffy, smelled fresher than if they'd been rinsed. All my clothes were softer, colors brighter!"

"Seeing is believing, but I still can't get over the way No-Rinse Surf got my husband's shirts so white—without a bit of bleaching! Even the ironing seemed to go easier."

See for yourself with No-Rinse Surf—only washday product approved by U.S. Testing Co. for no rinsing!

# Your New Social Security

By MYRON MILBOUER

(Manager of the New Castle Social Security Office)

(NUMBER 10)

Under the new social security law, the title "Widow's Current Insurance Benefits" is changed to "Mother's Insurance Benefits." This means more than a change of title. While, as before, insurance benefit payments will be made to a widow with a child in her care, provision is now made for payment of such benefits to a divorced wife of a deceased insured worker. It is now possible for a widow, and one or more divorced wives of a deceased insured worker to be entitled at the same time to insurance benefit payments based on his social security wage record.

In order to qualify as a former wife, as far as social security is concerned, the divorcee must be the natural mother of his son or daughter, or have legally adopted the insured worker's son or daughter while she was married to him, or have been married to him at the time both of them adopted a child. In either case, the child must have been under 18 at the time of adoption.

In the case of a divorced wife, the old requirement of "living with" him at the time of his death, is changed to "receiving at least half of her support" from him at the time of his death.

Children's benefits under amended social security will be the topic of my next article.

## THE FAMILY SCRAPBOOK

By F. E. ERNEST G. OSBORNE

"Always Finish What You Start"

"Always finish what you start." In these words, what has passed for good, sound advice has been handed to children for generations. But is it really so sound? Take seven-year-old Eddie Foster, for instance. With great enthusiasm he started to put together a complicated airplane model which his Uncle Bill had given him. An hour's effort proved that the job was far beyond him. Then Eddie's parents did the wise thing. They helped him feel not too unhappy about putting it away until he was older. Mary Lou started making some

clothes for her doll. She found it great fun to sew. So much so, indeed, that she decided to make herself an apron and put aside her doll's wardrobe. Was that unwise? Many another example could be given. Finishing the job is a good way to work. But there's nothing sacred about it. On many occasions, it's much more sensible to lay aside what one has started and start on something else. Intelligent choice would seem to be a far more important thing than an unswerving

determination to finish what one has started no matter what the situation. (Copyright, 1950, United Feature Syndicate, Inc. Registered U. S. Pat. Off. All rights reserved.)

## Player's Club To Meet Tonight

New Castle Player's club meets this evening at 8 o'clock in the Y.W.C.A. as they go into production on several plays.

The board of directors for the club will meet a half an hour earlier, at 7:30 p.m. to discuss several problems to be acted on by the organization. Paramount in the discussion will be the production of a three-act play, a script of which will be read this evening. According to Mrs. Marian Stafford, director of the group, if the script is accepted by the board of directors, it will be the first major production undertaken by the club.

## Eight Local Delegates At Allentown, Pa.

(Special To The News)

ALLENTOWN, Oct. 12.—Eight delegates from Lawrence county are in attendance at the 88th convention of the Pennsylvania State Sabbath School association, in Allentown, Pa., October 10 to 12.

These delegates are: Worrell M. Jones, Robert M. Strickler, Jr., Dr. Will Gordon, Mrs. Will Gordon, C. H. Pisor, Mrs. C. H. Pisor, Mrs. Harvey Brady and Dr. J. W. Neyman.

Speakers for the morning and evening sessions were, respectively, Rev. Joseph R. Sizoo, Rev. Toyohiko Kagawa of Japan, Atty. Wilbur La Rae, Jr., of Washington, D. C.; Rev. Nevin C. Harned, J. C. Penny, chain store owner,

of New York City, and Rev. Charles E. Boddie of Rochester, N. Y.

**Receive Awards**  
At the Wednesday morning session 30 Sunday school teachers with a total teaching service of 1,662 years, received two 50-year John Wanamaker awards.

Lawrence county delegates who have attended previous state Sunday school conventions will be saddened that the memorial committee report contained the name of A. J. Shutt of Charleroi, Washington county, who has been in attendance at the past 46 state conventions.

**Next Convention**  
The place of next year's state convention will be Altoona, Pa. It was hoped but not voted on that the 1951 state convention would be held at Harrisburg, and the 1952 state convention at Pittsburgh. Thirty per cent of the support of the state association comes from pledges of counties at the convention, and the balance is made up by individual contributions from individuals all over the state.

At the Thursday morning ses-

sion Lawrence county made their usual pledge of \$500 for the coming year. The check for the first payment of \$125 was presented to the convention.

The local delegates expect to return to Lawrence county not later than Friday.

## DRYFOLD The Wonderful New DIAPER COVER

NO MORE RUBBER PANTS FOR ME. MOM KEEPS ME COMFY IN DRYFOLD

Here's the answer to every mother's prayer. The amazing new diaper cover, DRYFOLD, puts an end to unsanitary, irritating rubber pants which often cause babies to cry. DRYFOLD pins right on with diapers. Tucks in around your baby's legs to stop seepage but isn't tight or binding. Baby stays cool and fresh 24 hours a day. DRYFOLD allows air to circulate so diaper dampness evaporates and baby doesn't get chafed with diaper rash. Easy to wash and dry in seconds.

### Takes A Doctor's Advice

## Gas Station Man's Neuritis Pains Leave Completely After First 3 Bottles Of Hadacol

Father helped, too, who also had deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin.

Wesley Scallions, energetic young gas station attendant in Peoria, Illinois, tells how HADACOL keeps him on the job feeling fine. Wesley Scallions has this to report:

"I took HADACOL upon the advice of my father who has taken it regularly for some time. He could not eat, was unable to get around, lost sleep and was generally run-down. My brother who is a doctor recommended HADACOL to Dad. Since taking HADACOL Dad has been feeling like a different man; he now has a hearty appetite, sleeps well and gets around once again on his own.

"I have had neuritis pains in my right arm and legs. Due to this condition I lost many days of work until I started to take HADACOL. After my first three bottles the pains left me completely and now I work every day and overtime also, without having any pains. I am a gas attendant and need full use of both arms and legs in my line of work. Thanks to HADACOL I can now perform my job satisfactorily and feel fine."

Don't Be Satisfied With Symptomatic Relief

No longer do you have to be satisfied with symptomatic relief—HADACOL now makes it possible to actually relieve the REAL CAUSE of those fiendish, stabbing neuritis aches and pains when due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in the system.

AND LISTEN TO THIS! Continued use of this great HADACOL not only gives continuous, complete

relief but helps keep such painful distress from returning. That's the kind of product you've been waiting for—the kind you should buy and start taking at once.

Many doctors recommend HADACOL. It is also wonderful for stomach disturbances (gas pains, indigestion, bloating, heartburn) constipation, insomnia and a general nervous run-down condition due to such deficiencies.

# Removal Of Dean Acheson Is Demanded

Senator Malone Scores Foreign Policies At Legion Convention

By OWEN CALLIN  
(U. S. Staff Correspondent)  
LOS ANGELES, Oct. 12.—Im-  
mediate removal of Dean Acheson  
as Secretary of State was de-  
manded Wednesday by U. S. Sena-  
tor George W. Malone (R) of  
Nevada in a speech at the Ameri-  
can Legion's national convention.  
Malone asserted American tax-  
payers' money is being used to arm  
Russia for World War III. He also  
charged:  
That the United States foreign  
policy is a "conglomeration of  
crackpot ideas."  
Financed By Marshall Plan  
That tanks used by the Red  
Koreans were financed through the  
Marshall Plan by way of trade  
agreements and Iron Curtain coun-  
tries.  
That there is no bi-partisan for-  
eign policy but only a "Truman-  
Acheson-Lattimore" program.  
That Communists in governmen-  
tal posts are waging a war at home  
to destroy the American economic  
structure.  
That taxpayers' money is being  
lent to foreign private business on  
"less stringent terms than a vet-  
eran can borrow in this country."  
That "our taxpayers' money is  
being used by the ECA in the Far  
East and Africa for the purpose of  
strengthening the yoke of bondage  
and slavery and perpetuating

misery among the primitive peo-  
ples ruled and worked by imperial  
overlords through the colonial sys-  
tem."  
Malone asserted that "since 1938  
there has been a constant war  
against America within our gates."  
Red Plot At Home  
"On the home front the Red plot  
has been carried on within the ad-  
ministration by a constant attack  
on American industry," he said.  
"The attack has come through:  
first, government regulations so  
designed as to eliminate venture  
capital which made this country  
great; second, taxes so designed  
as to eliminate initiative; a foreign  
'free trade' policy so designed as  
to curtail domestic production;  
and, fourth, reckless spending on  
the part of the government so de-  
signed as to threaten our whole  
economic structure."  
Malone closed his address with  
a plea that the veterans "develop  
a few leaders who are for America  
like Churchill is for England."

## Purchasing Power at Work

It would be hard to find anyone in Pennsylvania who does not gain, in some way, from the purchases made here by Bell Telephone men and women.

These men and women, who now earn more than \$100 million yearly, are regular customers of thousands and thousands of local business establishments: service stations, supply stores, food stores,

drugstores, restaurants, hardware stores, theaters, clothing stores.

Thus the money you spend in payment of telephone bills does more than buy good telephone service. It assures good wages and steady jobs for telephone people... and this, in turn, helps assure work and wages for Pennsylvanians in all sorts of local businesses throughout the state.

## Consumer's Education Course To Start At YW

Do you know how to buy intelligently? Do you—as a consumer, know the best texture of clothing and how to test the cloth in the clothes you buy? Do you accept all guarantees, and do you know what labels mean on clothing?

These and many other questions that have to be coped with by consumers of today will be answered and explained in a new Consumer's Education course to be given at the Y. W. C. A., starting on Wednesday, October 18.

The course of eight weeks is to be given in conjunction with the Adult Education Department of Public School System, supervised by Earle M. Cass.

**Once A Week**  
Given once a week on Wednesday evening at 7:30 o'clock in the YWCA building, the course will be taught by J. H. Earl McKenzie, staff teacher of the New Castle Senior High School. The consultant will be, Dr. George Anderson, an instructor of the Department of Business Administration of the University of Pittsburgh, Pittsburgh, Pa.

The course will deal with phases of budget, advertising, credit, labels, buying and government and private agencies set up to help consumers.

Surveys of the extent of consumer education indicate that between 18 and 25 percent of our high schools have adopted a special course and these courses are increasing in number. Consumers of today are gaining in strength. Emphasis in home economics of late has swung from the teaching of producer skills toward the teaching of consumer skills. There is still a great deal of attention paid to the techniques of producing and processing foods and clothing. Since its inception near the turn of the century, the basic aim of home economics has been the same as that of consumer education—the raising of standards of living.

**Film Strip To Be Shown**  
On the opening night of the course, Wednesday, October 18, a film strip entitled, "Managing the Family Income," will be shown, which deals with buying. In future sessions, other film strips will be shown, in addition to the usual lectures and discussion periods.

Persons interested may sign for the course, on opening night. Or they may sign at the YW prior to its beginning. There is a \$5.00 fee of the course, which will be returned at the end of the eight

weeks providing the person attends 75 percent of the course, and in addition there is a \$1.00 YWCA membership fee.  
Miss Marian Campbell is chairman of the YWCA association programs.

# Draft Order For Doctors

President Orders Youngest Men Be Called First

WASHINGTON, Oct. 12.—(INS)—President Truman today ordered the youngest men called first in the forthcoming draft of doctors, dentists and allied specialists for the armed forces.

The White House announced that Mr. Truman issued an executive order providing for classification of medical men in 10 different categories. The draft covers doctors and dentists under 50 years of age.

First registration of medical men will be held Oct. 16 for those who received training at government expense. The army has asked the drafting of 922 medical doctors, 500 dentists and 100 veterinarians by Jan. 15.

**Classifications**

Under the White House order all of the medical men will be classified "1-A"—available for immediate induction—unless they establish grounds for deferment in nine other categories.

They are:

Class 1-A-0—Men with conscientious objection to combat duty; class 4-E—men with conscientious objection to any military service; class 1-D—members of the armed forces reserves; class 2-A—men essential to the maintenance of health in the community.

Class 3-A—men whose induction would result in extreme hardship to dependents; class 4-A—men who are the sole surviving sons of a family which has lost one or more children in the armed forces.

Class 4-F—men not acceptable to the armed forces; class 5-A—men who become 51 years old before inductions; class 1-C—men on, or entering upon, active duty in the armed forces.

The president's order directed local draft boards to call up medical men from registrants in class 1-A and class 1-A-0 "with the youngest being selected first".

# No Indication Of Any Mediation Effort In Strike

Although it has been 12 days since the production employees of the Shenango Pottery struck, there is yet no evidence of any offer from either side to mediate the question.

Both union leaders and management have said there is no change in the situation and the strike continues.

Pickets patrol the area near the Glass street entrance of the plant but no attempt has been made to take workers into the plant. The picketing has been peaceful, and by agreement maintenance workers, clerical and supervisory forces are permitted in the plant each day.

The production workers struck on September 30 when no agreement could be reached on wages.

# Pittsburgh Probe Being Extended

PITTSBURGH, Oct. 12.—(INS)—The continuing "free work" investigation of the Pittsburgh city administration by Attorney General Charles J. Margiotti's office fanned out in a new direction today.

The personal records and bank accounts of at least 68 city police and officials and their wives were subpoenaed yesterday by state investigators.

Among those whose personal records came under the probing eyes of state investigators were Mayor David L. Lawrence, city council president James Kilgallen, safety director George E. A. Fairley and superintendent of police Harvey Scott.

The probe was originally called to investigate the misuse of city materials and labor.

The Empire State building in New York is struck by lightning 40 to 50 times a year.

# High Ranking Red Officers In Korea Reported Prisoners

SEOUL, Oct. 12.—(INS)—A North Korean divisional commander has been reported captured in the fighting around Wonsan—the first communist officer of general rank to surrender to United Nations forces.

The South Korean Tainan News Agency said today the officer, Brig. Gen. Hong Chul, aged 41, surrendered Oct. 7 to Republic of Korea forces during the advance on the east coast port.

The general was said to be a Communist party member who joined the North Korean army four years ago.

The agency also reported the surrender of Ye Ke Huk, a fifth division battalion commander, whose rank is either major or lieutenant colonel. A seven-year veteran of the Chinese communist army, he was captured near Yangyang.

His battalion was virtually decimated. Originally 600 men in strength, it was down to 70 when its commander surrendered.

# Neshannock Firemen Launch Drive For Fire Prevention

Neshannock Township Volunteer Fire department launched a campaign to place a fire extinguisher in every home in the township at a special meeting of the firemen at the fire hall Wednesday evening.

The special meeting was held in connection with Fire Prevention Week.

Firemen of the department have been divided into four teams to canvass the township and sell extinguishers to the residents. The campaign will serve the dual purpose of helping to prevent fires in the community and to raise funds for the department.

All campaign material was distributed at the meeting and firemen began work immediately. The campaign will last for two weeks.

Regular meeting of the department will be held next Tuesday evening at 8 o'clock.

# Reserve Officers To Meet Tonight

Lawrence County Chapter of the Reserve Officers Association will hold a business meeting tonight at 8 p.m. in their club rooms at 812 East Washington street.

Principal business will be the Chapters participation in the Armistice Day celebration. The Chapter plans to march as a unit in the parade and, in addition, will hold a dance at the New Castle Country club after the parade.

Ernest McClymonds president of the local chapter has appointed Robert A. Young general chairman for the dance.

A party for members, their wives and guests is scheduled for Friday night after the high school football game. Refreshments will be served.

On Saturday, Oct. 14 the Chapter will hold their final golf day of the season at the Country club. Following an afternoon of golf dinner will be enjoyed.

# Final Pictures At Mission Convention

Rev. William A. Bauman, missionary to Colombia, South America, will show his final series of slide pictures on that country this evening at 7:30 o'clock in the Alliance tabernacle, Pearson street.

The pictures are in color and depict much of the topography of the country.

Mrs. B. H. Alexander, of China, will be heard prior to the showing of the pictures. A song service will precede the missionary addresses.

The final afternoon service this week is planned for Friday. The church will observe a day of fasting and prayer, starting at 11 a. m. Friday.

The convention closes Sunday with three services including a platform rally at 2:30 p. m. when the missionaries will be attired in costume.

# Reds Fishtalk Harvest Yield

LONDON.—(INS)—It's harvest time in the Soviet Union and the Russians are claiming broad advances in agricultural development.

Collective farms in once-barren Siberia, according to Moscow radio, have started to reap and thresh winter rye and spring wheat. The broadcast said that "thousands of harvesting machines—mowers, reapers, combines and threshers—are being employed." It added: "Siberian collective farms hold one of the first places in the Soviet Union for mechanization of grain harvesting. Over 70 per cent of the entire harvest will be brought in this year by combines."

Harvesting of rye has started "on a mass scale" in Soviet Estonia. Mechanization has increased 100 per cent, Moscow claimed, 200 self-propelled harvester combines now work in the fields.

The broadcast said that more than 100 collective farms in Estonia will complete their harvesting with the aid of electricity for the first time, and harvesting probably will be completed ten days earlier than last year.

Other broadcasts have emphasized large amounts of new construction in the rural areas of the U.S.S.R.—particularly of farm homes.

# K. Of C. Columbus Day Program Held

In honor of Columbus Day, the local council 512 of Knights of Columbus, gathered for a program and meeting Wednesday evening in the meeting rooms, South Jefferson and South streets.

A most inspiring talk was delivered by Rev. Fr. Albert M. Inteso, chaplain. Father Inteso spoke on the ideals of the K. of C. members and stated that it is the men themselves that make up a good K. of C. Council; not the surroundings such as an elaborate meeting place and the like. Ideal standards of K. of C. men should be high at all times.

Grand knight Sam Dambrosio announced that the first degree would be exemplified sometime in early November.

A tasty lunch was served later by Dale Wehr and Angelo Frediani. October 25 is the date for the next meeting.

# Methodists Name Year's Committee

Executive Committee of the New Castle Sub-District Methodist Minister's Association met recently to appoint the committees for the current year. This meeting was called by the new president, Rev. A. C. Howe, and was attended by the Revs. Silvio, Spring, and Gaiser.

The following committees were appointed: publicity, chairman, O. G. Shindedecker, E. F. Spring; devotions, chairman, Paul Alex, Floyd Duncan; program, chairman, J. A. Gaiser, Harry Silvio; Sunday night speakers, chairman, A. C. Howe, E. F. Spring; Holy Week, chairman, George Myers, Harry Johnson, and G. E. Shaffer.

# Man Is Fined For Disorderly Conduct

Russell Boyd, North Walnut street, was fined \$10 on a charge of disorderly conduct, imposed by Alderman James C. Brice today. The information against him was sworn to by Mrs. Willie Dawes, his divorced wife, whom Boyd is alleged to have bothered last night, which resulted in his arrest by city police.

Hearing him in a distressed condition in jail, policemen investigated and sent him to the county jail to prevent a possible rash act, they reported.

## County's Highways Transformed

(Continued from Page One)

pany holders of the contract on the job has accomplished an unusual and remarkable achievement in the large cut leading from the top of the hill west of Harlanburg. The firm has actually moved 80,000 tons of rock from the road bed removing a dangerous curve leading into the village. A gigantic pile of rock perhaps higher than a three story house remains as mute evidence of the stone removal.

The road should be open to the general public for travel about November 1. It will add 9.10 miles of smooth highway between the city line and the Butler county line when thrown open for travel.

**New Butler Road**  
Hard working engineers and foremen along the course of new route 422 which leads to the Butler county line east of the city, have amazed even highway officials with their tenacity and doggedness to complete their job ahead of schedule. A road which was not scheduled to be opened until 1951 will, by the efforts of these workmen, be open early in December.

This piece of highway, 8.20 miles in length, three and four lane construction will be a companion road to 422 west of the city built three years ago. The construction work east of the city presents far more engineering problems than the western end of Route 422.

Take for instance, the large three span bridge at Rose Point which is being built at a cost of \$700,000 alone. The bridge itself is one of the most outstanding pieces of engineering in western Pennsylvania and largest in the seven county area covered by district one.

**Vast Project**  
To get an idea of vastness of the bridge project, \$70,000 alone was spent for lumber to build forms for the concrete and other work necessary in its construction. A saw mill was erected to cut some of the 200,000 board feet of lumber used in the making of the forms. The center span of the large structure, has a distance of 175 feet across while the second and third spans measure 128 to 130 feet across.

To gain a footing for this gigantic four lane bridge, the workmen had to go down 35 feet below the water's surface. The bridge towers 90 feet above the swirling Slippery Rock creek below. In order that motorists may view the vast expanse of scenery afforded by the new bridge, iron railings will be constructed along its sides instead of concrete railings.

Construction on this road is moving along splendidly and two lanes of highway almost cover the entire length. In the four lane sections, a division will exist, making the road comparable to the Pennsylvania Turnpike. The road upon completion will provide one of the most scenic highways in Western Pennsylvania. Travel may be permitted by December 1, if the present good weather prevails.

The party of highway inspectors

were given opportunity of seeing what has been accomplished along the Frew Mill road. They viewed a wide highway, bituminous surfaced where once was almost a cowpath type of road, very narrow and rough. The motor paver which laid the asphalt made one of the smoothest roads and most evenly laid roads in the whole district. Work on this project continues, which will give an excellent road from the city line to Route 19. It is expected to be completed in its entirety before the present construction season is over.

A glimpse of the work being done on the bridge over the Neshannock over Grove street extension was given by the highway men, leading the tour. Excellent progress was found on this project which will relieve a traffic bottleneck for downtown New Castle. The job will be completed in early 1951.

**Thirty One Miles**  
All in all, Lawrence county will have 31 miles of new highway at the close of the present construction season of which 18 miles are under construction by contract and the remainder by department forces. In addition to this, approximately 22 miles of road were surface treated by department forces during the year. Numerous other construction jobs in various other sections of the county have been completed this year but were not inspected due to their diversified locations.

The tour proved highly inspiring as the men saw how highway funds are being used in Lawrence county. They were informed that this was not the end as Route 18, south of New Castle will be completely replaced next year at a cost of over a million dollars.

# Pastor Named For Eastbrook

Rev. Harold Gaiser Named By Bishop

In a surprise announcement made by Bishop Lloyd C. Wicke of Pittsburgh, at the Eastbrook Methodist church, Wednesday evening, Rev. Harold Gaiser, of Franklin, was named pastor of the church. Rev. Gaiser is a brother to Rev. James A. Gaiser, pastor of First Methodist church in this city.

The announcement came during the dedicatory program for the new organ which has been installed in the church. The new pastor, who has been serving in Franklin recently lost his wife through death. He will succeed Rev. Owen Shields, former pastor who is now serving in Brockway, Pa.

**Bishop Speaks**

Bishop Wicke chose for his apt theme on Wednesday evening, "Our Gains" in which he recounted the various phases of the church life, how one gain inspired the church leaders to forge ahead to other steps of improvement. The church was well filled for the inspiring program which was directed by Pat Anderson and James C. Fink representing the congregation.

The church choir directed by Mrs. Mae McConahy sang several hymns with Mrs. James C. Fink presenting several selections on the organ. Several visiting ministers were in the audience, including Dr. Thomas Morris, district superintendent, Rev. James A. Gaiser, Rev. Harold Myers of New Wilmington, Rev. Norma Marlin and Don Lammers student minister from Westminster College. Mrs. Wicke was a special guest of the evening.

A reception and social gathering followed the church service in the church parlors. It was announced that Rev. Harold Gaiser will begin his ministry at East Brook on October 22.

# Tifereth Israel Friday Services

Early Sabbath service will take place Friday evening at 5:30 o'clock at Tifereth Israel Synagogue. The regular late Friday service will be held at 8:15 p.m. in the main Synagogue. Rabbi Jules Lipschutz will officiate and preach upon the sermon theme of "A Lesson for Sixty Nations." Rev. Benjamin Miller, cantor, will chant the Sabbath liturgical selections and scriptural readings.

Hospitality for the weekly Oneg Shabbat reception will be tendered by Mr. and Mrs. Samuel Edelstein. A brief talk will be given upon the subject of "Talmudic Personalities."

The junior congregation comprising students of the daily and Sunday school departments will conduct a special service this Saturday morning, October 14 at 10:30 a.m.

A reception will be tendered by Mr. and Mrs. William Myers. Final fall registrations in the Sunday school department will be conducted this Sunday morning from 10 a.m. to noon time.

# Tifereth Men's Group Election-Dinner Program

Tifereth Israel Men's club instituted its fall season with a dinner event Wednesday evening in the synagogue. Rabbi Jules Lipschutz spiritual leader and advisor to the club, gave the invocation.

G. Levine welcomed the group and introduced the newcomers to the city. After the delicious meal was served by the Sisterhood, J. Solomon took charge of the program for the evening.

Remarks were made by the past president, Dr. N. N. Ginsburg, and president-elect of the congregation, Nat Land. Maurice Levinson conducted the election of officers for the coming year.

Results were: president, William Myers; vice-president, S. Toll; secretary, M. Cushman; treasurer, D. Skloff.

O. Pollack was the winner of the attendance award. After a few fine vocal selections by Rev. B. Miller, a film was enjoyed through the courtesy of Clay Abuel of the Penn Power company.

A meeting of the new officers advisors and trustees will be held next Tuesday evening at 8 o'clock at the synagogue.

# Y-Teens Have Local Rally

The local Y-Teens celebrated part of their annual nation-wide Y-Teen Rally on Wednesday evening, in the Y.W.C.A. at 7:30. The Y-Teens came from the New Castle senior high school and Shengango and Union township schools. They gathered in the auditorium of the Y.

First the senior high group held its own business meeting. President, Sherry Plonka, opened the meeting. Judy Smith gave the report on membership and dues. Judy Scott gave the treasurer report.

Sherry then discussed the senior Y-Teen hayride which is to be held on Saturday, Oct. 21. Any Y-Teen of the senior high is invited to go. It will be from 7 to 9 o'clock at Wilson's. After the hayride, it has been planned to go to the Y Camp at East Brook to dance. It has also been planned to have a few skits given.

This summer, there was a conference at Bethany College, in Bethany, W. Va., June 18-24. There were four girls from this area who were sent to the conference. They were Miss Phyllis Balmini and Miss Nancy Wilson, both from Ellwood City and Miss Sherry Plonka and Miss Barbara Webber from New Castle. All four of them told about their experiences and daily duties during each day.

After this was ended, six girls from the Elm street branch danced two polkas. The girls who participated were: Elizabeth Sims, Colleen Owens, Chloe Eggleston, Barbara Webber, Gwendolyn Bazeley and their supervisor, Miss Shirley Webber.

# Nearly 25,000 U. S. Casualties In Korean War

WASHINGTON, Oct. 12.—(INS)—The Defense Department announced today that relatives had been notified of 24,163 American casualties in Korea through Oct. 6.

The figure was 3,407 or nearly five hundred per day higher than the total of 20,756 announced by the department for the period ending Sept. 29.

The new casualty total showed 3,242 killed in action; 16,661 wounded, of whom 372 have died; and 4,260 missing, of whom 311 have returned and 107 are known to be prisoners.

The total of Army casualties was 21,741, while the Marine Corps had 2,127, the Air Force 159 and the Navy 136.

The figures do not reflect total casualties through October 6, since about three weeks is required for

**CORN CROP EFFECTS**

HARRISBURG, Oct. 12.—(INS)—Pennsylvania's corn crop last week suffered the effects of cool nights and freezing weather in some areas, the State Agriculture Department reported today.

The department's weather and crop survey said corn in some sections has not had an opportunity to mature and will be soft.

Rapid progress was reported for the week in seeding fall grains and in harvesting of crops.

Gas was injected into the depleted Brennehan oil field in West Virginia, and recovered 375,000 barrels of oil.

verification of casualties and notification of relatives.

However, American casualties are known to have been relatively light since the Inchon invasion Sept. 15. Most of the casualties in today's compilation occurred before Sept. 15.

WASHINGTON, Oct. 12.—(INS)—The Defense Department announced today that relatives had been notified of 24,163 American casualties in Korea through Oct. 6.

The figure was 3,407 or nearly five hundred per day higher than the total of 20,756 announced by the department for the period ending Sept. 29.

The new casualty total showed 3,242 killed in action; 16,661 wounded, of whom 372 have died; and 4,260 missing, of whom 311 have returned and 107 are known to be prisoners.

The total of Army casualties was 21,741, while the Marine Corps had 2,127, the Air Force 159 and the Navy 136.

The figures do not reflect total casualties through October 6, since about three weeks is required for

# Scout Troop 27

Senior Scout troop 27 held its meeting Tuesday, Oct. 10. Plans were made for a hike to be held with the Bessemer Boy Scouts on October 15.

Following the business meeting, a surprise shower was held for

# the leader, Miss Mary Lou Fulkerson, who will be married soon.

Delicious refreshments were enjoyed by the group.

First iron workshops in the world were owned by Mexico, in the 1840s.

# Pomona Will Have Program On Saturday

Pennsylvania Week Will Be Center Of Program Features

Lawrence County Pomona grange will hold its regular meeting as guests of East Brook grange on Saturday afternoon and evening, October 14. Worthy master, Dale Currie, will preside at both sessions.

The afternoon session will assemble at 1:30 o'clock in the East Brook United Presbyterian church and the evening meeting will be held in the East Brook high school at 7:30 o'clock. The evening meal will be served in the church dining room by the ladies of East Brook grange.

**Pennsylvania Theme**  
Following the business meeting, the lecturer will present a varied program around the theme "Pennsylvania." A declamation on "The Achievement of World Peace," will be given by a member of New Bedford grange. Mrs. Robert Cole will give a review of Galbreath and Carey's book, "Cheaper By the Dozen." Mrs. Lucille Pattegon, matron, will present her juvenile in a program during Juvenile Hour. Mrs. Frances Currie will sing as a special feature a number by Stephen Collins Foster, a Pennsylvania composer.

The main address of the afternoon will be given by Congressman Louis E. Graham, of Beaver.

The evening session will convene at 7:30 o'clock and will feature a review of the book "The History of Pennsylvania State Grange," written by Fred Breckenman, and published in recognition of the seventy-fifth milestone in Pennsylvania grange life. Those taking part will be the Worth State Master, W. Sharp Fullerton; Worthy Past State Master J. Audley Boak and Mrs. Boak; Past Pomona Masters, David Kyle, W. H. McCullough, and Glenn Patterson; and William Patterson, Soloists for the pageant review will be Eugene Fox, who will sing "To Thee Beloved Grange," by Gard-

ner; and Lillian Fox who will sing and pantomime the "Star Spangled Banner."

**Show Work**  
The highlight of the day's program will be the exemplification of the Fifth Degree of the Order by the Pomona Degree team under the direction of Logan Buckwalter. Mrs. Harry Maughan will preside at the piano.

In the recent western district eliminations of the state and national music and forensic contests, held at Slippery Rock State Teachers' college, Lawrence County Pomona had two first place winners and two second place winners. Pleasant Hill grange chorus and Mahoning Valley folk dance team won first place honors and Big Beaver quartet and Miss Edye Harlan, speaker from Willard, won second place. The two winners will go to York, Pa., Tuesday evening, October 24 to compete with the winners from the eastern and central districts for state honors at the regular session of State Grange, October 24, 25, and 26.

## Mahoning Valley Grange Members Present Program

Mahoning Valley grange met Tuesday evening for their regular meeting, with Master Reed Miller presiding over the business meeting.

The program for the evening was under the direction of the Home Economics committee, Dorothy Robison having charge.

The program follows:  
"Our Place in the Sun"  
Roll Call—Name of an outstanding person who was born and raised in Mahoning township.

The early history of township and drawing of map—Scott Wallace.

An original song—Mahoning Grange.

Interesting facts about the crops and industries of the township—Reed Miller.

Solo—Margie Jacobson.

Display of old things from township.

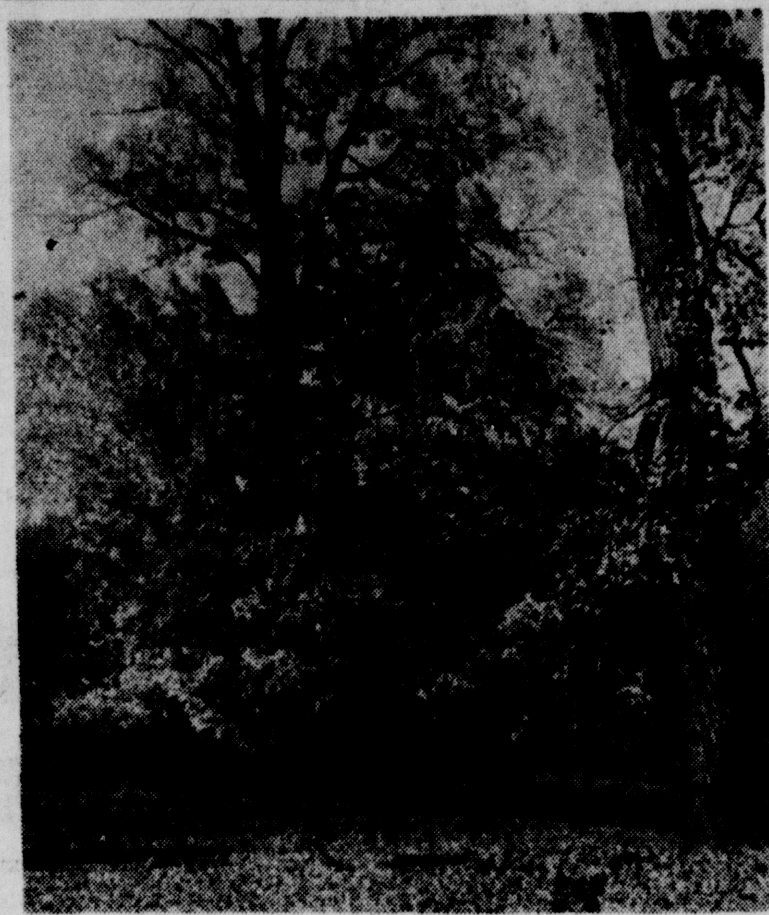

Historical facts of township—Jennie Whiting.

Article—Pennsylvania, Keystone of Democracy and Facts on Voting—Dorothy Robison.

Stunt—Under the Spreading Chestnut Tree—Cecil McConahy.

Homer Matthews, Jr., and William Miller.

## OUTDOOR RAMBLES with N. R. CASILLO

The early autumn splendor of our woodlands is largely due to the sugar maple. This fine example is in Mt. Jackson.

### AUTUMN ALCHEMY

In a pasture along Hickory creek near Mt. Jackson there stands a mighty sugar maple. Late last week the tree was flaunting its most garish autumnal display, a great oval flame of yellow. Upon closer scrutiny it was observed that some of the leaves were green and yellow; still others were tinged with red or with yellow and red together with all the possible variations.

On the hillside across the stream glowed sumach and gum, apparently trying to outdo each other. A tall hickory nearby, clad in its golden tans of autumn had already dropped a quantity of its husks and nuts upon the ground below.

Farther upstream, nearly adja-

cent to the bridge traversing the bridge at that point, stands a fine basswood, the clear, pale color of its leaves showing as pure as any on the finest porcelain.

At this point I find myself stymied for words, for to describe satisfactorily the colors of our autumnal forest shows three zones of color. The upper made by the predominant yellow of the tallest trees; the middle by a combination of yellow and red of the tallest bushes. The vines such as poison ivy, Virginia creeper as well as most of the smaller bushes and even some weeds are especially partial to red. Generally speaking, while yellow holds sway among the trees, red prevails in the foliage of the lower growths. The wonderful alchemy of au-

tumn hues is thought by some to be due to the action of frost despite the fact that year after year one may witness the change without a trace of frost having been apparent.

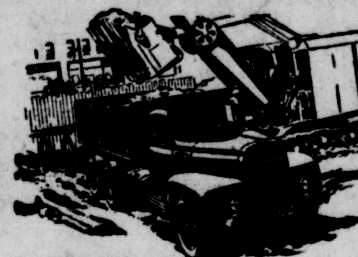

Chlorophyll, the green substance which gives the leaf its color, is manufactured constantly under the influence of light. Also, it is of necessity undergoing a constant decomposition or breakdown in the natural processes taking place in the cells of the leaf. The yellow color imparted by a chemical called xanthophyll is one of the waste products resulting from the breakdown. When insufficient sunlight or a lowered vitality reduces the quantity of the green color, then yellow takes its place.

The red coloration is due to a red dye manufactured in the leaf. Then, just before the leaf drops off, the green cells die and the red impregnates the solid contents of the leaf. Since the red dye is readily soluble in water, you may have observed that maples, sumachs, dogwoods, haws, gums and other trees having red coloration lose much of their brilliancy after a longed rainfall.

So, we live in a world of gold and scarlet; hazy, lazy days so characteristic of early October. This

mellow weather frequently continues in these parts more or less intermittently until toward the end of the month. It is then that the leaves begin falling in earnest; impelled, no doubt, by the ripening processes hastened by the warmth that we have had so far.

Many consider the dazzling prismatic colors of fall as nature's last fling; to others they herald an even greater miracle, the bountiful harvest so typical of our America. More to the point, where else in this world does one have the time or the desire to rave about the colors of fall?

# School Board Hears Report Of Fire Chief

Some Changes Are To Be Made As Result Of Report

Nothing much off the usual line of routine was done Wednesday night by the New Castle School Board but an executive session consumed two hours time. In addition, a run off of the motion pictures of the New Castle-McKeesport football game took the board up to nearly midnight.

The executive session came on motion of Director Ralph A. Cooper. Fire Chief Herman Steinbrink came into the meeting and for the next two hours gave the directors a picture of the condition of New Castle school buildings from a fire safety standpoint.

**Fire Escapes**  
Changes and improvements are to be made in the fire escapes of the following school buildings: Oak Street, Garfield, North Street, West Side, Pollock, Thaddeus Stevens and Croton.

The chief attended the executive meeting by invitation and discussed a number of phases of fire protection. Out of his suggestions came a motion to place all first and second grade pupils on the first floor of the elementary buildings. This is to be done immediately.

The recommendations of the fire chief will be mimeographed and a copy sent to each director. Each principal will get a copy of the recommendations concerning his school and will be expected to put into effect those recommendations promptly, insofar as it is possible without outside aid.

**Lumber Purchased**  
Two contracts for lumber in various sizes and kind were authorized, awarded to the Kline Lumber Company and the M. Dale Andrews Company.

Authority was granted to advertise for an audiometer for use in the medical department of the schools.

Dr. John A. Mehan asked for the use of the senior gymnasium for Swing Lobby this winter. It was granted.

Principal John N. Cornelius of the Rose Avenue school asked for the use of the building for the annual PTA auction conducted by the organization. This was granted.

Authority for the use of Taggart Stadium for football games was granted. The Community Chest asked for the field sometime in November to stage a game between a New Castle team coached by "Tippy" Richards and an Ellwood City team. The proceeds are to go to the Community Chest.

The New Castle Veterans' Council also asked for the use of the stadium on Armistice Day, November 11, for a game between an Army and a Navy team. This also was granted.

**Raises Asked**  
Two requests for salary increases were received. The janitors asked that a committee of the board be appointed to meet with the janitors to discuss increases. The school clerks also asked for salary adjustments.

Both requests will be answered the same way. The board instructed the secretary to tell the groups that such matters would be con-

sidered only at budget time. This will be next spring.  
Miss Nan Mitchell, principal of George Washington junior high school, asked for an additional clerk to handle the clerical work of the cafeteria, now that the cafeteria is handled through the school and not by a cafeteria manager. A temporary clerk was authorized.  
Mrs. Elizabeth Kleckner reported for the cafeteria committee of the board. She presented a list of adjusted prices for the cafeterias which will change the prices from odd figures to five and ten figures. Some foodstuffs that have sold at eight cents will go to ten and others to five. This is to make it easier to make change. The adjustment was approved.

At the close of the session Assistant Football Coach William Klee showed the pictures of the New Castle-McKeesport football game. This was for the purpose of showing the directors the effectiveness of motion pictures in checking and correcting errors in play.

## Plan Local Rally At Township Church

The Lawrence county local rally of the Christian and Missionary Alliance youth will be conducted Friday evening at 7:30 o'clock in the Washington Alliance church in Union township.

The speaker for the hour will be Rev. Lester Schies, pastor of the Sampson Street church. Special music will be presented during the service. Joseph Proctor will be song leader, with Jack Allison chairman of the service.

## St. John's Church Plans For School

St. John's Lutheran congregation is sponsoring a School of Christian Education, classes being conducted each Saturday morning at the church, North at Neshannock avenue. The program that is being used is sponsored by the parish and school board of the United Lutheran Church of America. Classes are being conducted under the direction of Rev. A. E. Simon, pastor of the church, the course of study being a rigid one of the Bible with choral and handicraft sessions for relaxation.  
All children, regardless of creed, may attend the classes. While membership will be limited this year, a few more children may be accommodated. Children of school age under 12 years are eligible.

Enrollment of pupils closes Saturday, October 14.  
Assisting in the school's work will be Miss Lois Simon and Mrs. Stephen Kleckner with Mrs. Marie Davis and the catechetical class also serving. The yearly halloween party for those enrolled in the Saturday Bible school will be given October 23 at 10 a. m., the usual hour of classes.

**COMMENDATION GIVEN**  
HARRISBURG, Oct. 12—(INS)—Heads of 40 state institutions under the Welfare Department were commended today by welfare secretary for keeping fire losses to a minimum during the past year.  
Brown said he took the observance of National Fire Prevention Week, October 8-14, as an opportunity to point out that institutional fire losses amounted to only \$373 for the year.

Goa, Portuguese India, was once the main eastern outpost of Catholicism.

## Donati Students Present Recital

A group of students representing the Donati School of Music presented an accordion recital Wednesday evening at 8 p. m. in the school auditorium under the direction of Carl Leone and Armes Jokinen. The program was interspersed with an accordion trio of the teachers, Armas Jokinen, Ray Melcer and Carl Leone.  
The following students participated:  
Hazel Heims, Ed. Pandolphi, Timmy Allen, David May, Victoria Pia, Ed. Tervo, Raymond Meyer, Judy Ohlin, Sandra Weiner, Steve Winkler, Steve Klitzko, Jean Mays, Domenick Russo, Avis Marshall, Robert Daugherty, David Mitchell, Fred Boley, Bill Beck, William Stern, Gloria Santangelo, John Mehalic, Richard Maitheny, Sally Miller, David Ohlin, John Pileas, Allen Symon, Louis Linnarelli, Richard Galone, Robert Romano, Frank White, Ed. # Farrell Determined To Deflate Red Hurricanes

## Night Riders Have One Win In Cane Series

Two good high school football teams—both determined to win—will meet at Taggart Stadium Friday night.

Reports from Farrell indicate that the Night Riders are coming to New Castle set to take the wind out of the Red Hurricane.

Only once in the ten games played between the two schools has

Farrell came out on top. That was in 1944 when the Red Hurricanes had an off year, losing games to Altoona, Sharon, Aliquippa, Youngstown East, Clairton, Warren and Har-Brack also. Farrell won by a 14-7 score that year.

In 1947 Farrell tied the Red and Black 6-6 for the only mar on an otherwise perfect WPAL slate, preventing another possible title for the Cane.

And there's no reason to think that Rice will be any easier—the Cotton Bowl and Southwest Conference champs to win.

Franklin and Marshall (3-0-0) over Western Maryland—the Diplomats carry a big stick.

Lehigh (3-0-0) over Gettysburg (1-2-0)—unless the Engineers are looking ahead to Dartmouth.

Carnegie Tech (2-0-0) over Akron (0-1-0)—the Tartans aren't bad!

Drexel (2-0-0) over Penn Military (1-2-0)—who'll slay the Dragons?

Bloomsburg (2-0-0) over Millersville (0-2-0)—no contest.

Thiel (2-0-0) over Clarion (0-2-0)—wanna bet?

Haverford (1-0-0) over Rider (N. J.)—not too easy.

Virginia State (Norfolk Division) over Cheyney—first game for Cheyney.

Bucknell (1-2-0) over Washington and Jefferson (0-2-0)—the Bulls find the target.

Geneva Favored

Muhlenberg (1-1-0) over Lafayette (0-3-0)—it says here.

West Chester (2-1-0) over Lock Haven (2-2-0)—a toss-up.

Albright (1-2-0) over Adelphi (N. Y.)—could go either way.

Geneva (3-1-0) over Allegheny (0-1-1)—Gators get the gate.

California State (1-2-0) over Concord (W. Va.)—the Vulcans are vulnerable.

Dickinson (1-1-0) over Ursinus (0-2-0)—could be a runaway.

Indiana (2-0-1) over Edinboro (1-2-0)—another scalp for the Indians.

Grove City (0-2-0) over Hiram (O.)—don't bet on it.

Susquehanna (2-1-0) over Juniata (0-2-0) Crusaders bounce back.

King's (1-2-0) over Lycoming (0-2-0) Monarchs reach 500.

Kutztown (1-1-0) over Montclair (N. J.)—maybe.

Virginia Union over Lincoln (0-1-0)—yes, Virginia, there is a Santa Claus.

Westminster Picked

Mansfield (0-3-0) over Brockport (N. Y.)—finally!

Moravian (1-2-0) over Hofstra (N. Y.)—no comment.

National Aggies (0-1-0) over Long Island State—could be.

Slippery Rock (2-1-0) over Muskingum (O.)—a close one.

Wagner (N. Y.) over Swathmore (0-1-0)—maybe next week, Swathmore.

Waynesburg (0-1-0) over Mt. St. Mary's (Md.)—Yellowjackets' first.

Westminster (1-2-0) over Bethany (W. Va.)—light one for the Titans.

Wilkes (0-2-0) over Ithaca (N. Y.)—the Colonels aren't that bad, Suh.

St. Vincent (1-1-1) over St. Francis (2-2-0)—Bearcats claw the Frankies.

Ruds Meyer

Big right-hander of the Philadelphia Phillies who had a 1950 pitching record of 9 wins and 11 losses as he helped the "Whiz Kids" win their first pennant in 35 years. Meyer, a former Chicago Cub hurler, will be with the Danny Litwhiler National League All-Stars who oppose the City-County All-Stars to Flaherty Field next Wednesday night Oct. 18, under the lights. Meyer was in the recent World Series as a relief pitcher.

## Bessemer Host To Zelenople

Golden Bears Bring Deceptive T Here

The Zelenople Golden Bears come to Cement City tonight to square off with Bessemer under the lights, beginning at 8 o'clock.

Coach "Red" Bender's Bears have run over four opponents in five games this season, in scoring 114 points to 41 for the opposition.

Only Evans City has been able to trip Zelenople this year, nipping the Bears in a last minute effort, 14 to 13.

Soltz, Leopold and Bagamery stand out offensively in the Bear lineup, and Hogan and Lewis, giant linemen, serve as capable defenses.

Cementers Rested

Bessemer's record for the season is marred by a tie and a defeat in four games played. Coach Willie Ciccone's Cementers have run roughshod in their last two outings against Lovellville and Union, scoring 74 points in the two games.

Schaville, Pezzuolo and company have rested for a week and are ready to avenge their two-point setback suffered in 1949. No Lawrence county team has won from Bender's eleven for two years, a challenge which should offer incentive in itself.

Again the T formation will argue the single wing.

## George Washington Host To Butler Friday Afternoon

Junior high school football game between George Washington and Butler, scheduled for this afternoon at Butler, has been postponed until Friday afternoon at Washington field because of rain.

The game Friday afternoon will start at 3 o'clock, it is announced by Coach Clark McClelland.

## Phils Secure Prize Rookie

Pays \$40,000 For Tommy Casagrande

PHILADELPHIA, Oct. 12 (INS)—The Philadelphia Phillies today were the proud owners of another "Whiz Kid"—20-year-old Tom Casagrande, reportedly the most sought-after college baseball player in America.

The National League champions shelled out a \$40,000 bonus to sign the former Fordham student, who won nine and lost two and hit .429 as a pitcher-outfielder for Whitinsville, Mass., in the New England League.

Seven other major league clubs reportedly sought to sign the young southpaw, who was persuaded to come in with the Phils by Chuck Ward, former Brooklyn first baseman, now a Phil scout.

Casagrande will join the Terre Haute, Ind., farm team in the 1951 unless the military rules otherwise.

## Chicago Cubs Sell Edwards, Voiselle

CHICAGO, Oct. 12 (INS)—The Chicago Cubs, building infield strength for 1951, last night announced the purchase of their second first baseman in two days from Brooklyn and the release of an outfielder and a pitcher.

Purchased for an undisclosed price was Dee Fondy, who hit .298 with Fort Worth of the Texas League last season. The Cubs bought another Brooklyn farmhand, Kevin Connors of Montreal, a day earlier.

The Chicago team sold outfielder Hank Edwards to Montreal and sent pitcher Bill Voiselle to St. Paul of the American Association.

## Scotties Travel To Shenango For Intra-County Grid Game

Shenango is host to Union Friday afternoon at 2 p.m.

Shenango since 1937 holds an eight to three record over Union, three games have resulted in ties. The two teams met in home and home engagements in 1938.

Season's records show Union one game up in one more game played. The Scotties have won two out of five and Shenango has won one game out of four. Both teams were defeated by Evans City and Zelenople. There is hardly much to choose between the two.

## Middleground Being Retired

NEW YORK, Oct. 12 (INS)—Middleground, winner of the Kentucky Derby and Belmont Stakes, has been forced into retirement with an injury that seems to run in his family like Hemophilia among the Bourbon kings.

The three-year-old colt fractured both sesamoid bones in his right ankle during a routine workout yesterday at Belmont Park. Fortunately, it was not necessary to destroy the winner of two of the jewels in racing's triple crown.

However, Trainer Max Hirsch said the odds were "a thousand to one" against Middleground ever racing again. He will be retired to the spacious acres of his owner, Robert Kleberg's, King Ranch in Texas, where he may go into stud later.

## Union "T"

Union runs from the standard T-formation and until being blanketed by Zelenople, had scored two touchdowns in every game. Ronnie May top scorer, and effective pass receiver, may not play because of an injury to his shoulder, suffered in the Zelenople game. Otherwise the Scotties will line-up the same as they did at Zelenople.

Coach Jack Schantz in his second year at Union coached his 1949 team to a 13 to 7 win over Shenango.

## Keystone Colleges Match Four Undeclared Elevens

This is the week in which Pennsylvania's 54 college football teams will divide themselves into two classes: The gridiron Goliaths and the character-builders.

Not that some of the state's squads haven't already run into more than they could handle. But from here on, it really gets rough! Two of the better games matched four of the Keystone State's undefeated teams.

Gannon, boasting three straight this year and eleven in a row since it first fielded a team last fall, faces what could be its toughest test so far at Scranton Saturday. The Royals snapped St. Vincent's winning streak and followed with a triumph over Lafayette. But the Golden Knights haven't failed yet—so Gannon is the choice.

For the record, the International News Service selector is having a good year—thus far. His record of 23 right and 10 wrong last week was a 697 performance, and for the season his total is 59 correct and 29 bluffs, a 670 average.

Here are INS' views on the rest of this week's slate:

Two other unbeaten outfits tangle: Shippensburg at East Stroudsburg. Both have two victories, and it's a tough choice. But East Stroudsburg gets the nod.

### Villanova Picked

Villanova (1 victory 1 loss and no ties) goes to Tulsa to play the only team which was able to beat the Wildcats last year. Despite signs of improvement by the Oklahomaans, Coach Jim Leonard's team is picked to win.

Penn (1-1-0) lost to California Saturday but will have it a little easier this week against Dartmouth at Pennsylvania—the Quakers.

Penn State (1-1-0) jumps from the men of the Army (who drubbed them 41 to 7) to the boys from Syracuse—the Nittany Lions in a close one.

Temple (2-0-0) could be one of the surprises of the year. After a week's rest, the Owls are ready for Rutgers—Temple.

Pitt (0-2-0) is in for a rugged season despite earlier signs of optimism. Duke (28-14) and Ohio State (41-7) were too much for the Pan-

thers. And there's no reason to think that Rice will be any easier—the Cotton Bowl and Southwest Conference champs to win.

Franklin and Marshall (3-0-0) over Western Maryland—the Diplomats carry a big stick.

Lehigh (3-0-0) over Gettysburg (1-2-0)—unless the Engineers are looking ahead to Dartmouth.

Carnegie Tech (2-0-0) over Akron (0-1-0)—the Tartans aren't bad!

## Giants Acquire Oakland Stars

Wilson, Nobel, Gattel Traded

NEW YORK, Oct. 12 (INS)—The New York Giants became today the first baseball team to "win" the 1951 National League pennant.

The Giants' stirring triumph on paper—was predicted on two things. First, the Polo Grounders pointed out that, from the morning of July 20th of this year, they traveled at a faster clip than anyone else in the league.

Secondly, the Giants announced the completion of a \$125,000 player deal with Oakland of the Pacific Coast League—a transaction carrying the personal pennant guarantee of the Oaks' manager, Charley Dressen.

Won Coast Title

The players acquired by the Giants are Catcher Rafael Noble, Shortstop Art Wilson and Pitcher Allen Gattel. 33-year-old ex-major leaguer who won 23 games for Oakland with a newly-developed screwball.

Dressen, a former National League player, coach and manager, professed to speak with authority when he tossed the pennant in with his players. The Oaks won the Coast League title, and Dressen says the Giants got three of his key men.

In exchange, New York gave up four minor league chattels—Outfielders Bert Haas and Joe Lafata and Pitchers Bill Ayers and Wes Bailey—along with a bundle of cash.

## Baron Defeat Hornets 3 to 1

(By International News Service)

Cleveland's Barons won their first game of the 1950-51 season last night but it boosted them into a tie for the American Hockey League's western division lead with the Cincinnati Mohawks.

The Barons turned back the Pittsburgh Hornets, 3-1, in the smoky city last night as the Mohawks battled Providence to a 2-2 tie in overtime. The Barons thus gained two points, giving them a total of three, while the Mohawks received only one marker for a time.

In other games, Springfield took undisputed possession of first place in the eastern division with a 6-2 win over Hershey and Buffalo trounced New Haven, 9-5.

YANKS VS. 49ERS

NEW YORK, Oct. 12 (INS)—The New York Yanks play the San Francisco 49ers in a Columbus Day game at Yankee stadium tonight.

**CADET COACH COLONEL RED BLAK** has another Doc Blanchard in the making according to Look. He is Alfred Lee Pollard, captain and fullback of last year's Army Plebe team. "Pollard's outside speed and occasional savagery off the tackles are reminiscent of Blanchard," says the writer. "Al has shifts as well as speeds in the open. He can accelerate and blast on the inside stuff." Pollard's the husky who cracked the nation's sport pages back in '46 with his amazing gridiron achievements for Loyola High in Los Angeles. Then, with big name colleges chasing him, he surprisingly went to Loyola University. Last year he came on to West Point where his 14 touchdowns and 24 conversions were largely responsible for plebe team's undefeated season. Pollard's first-string fullback tenure may be restricted to 1951 because 1950 blueprints show Al as substitute fullback to Gilbert Stephenson. Stephenson is a knifing, quick-swinging runner, and has for two seasons been one of the finest fullbacks. "However," the Look story continues, "the battle to beat out Stephenson should sharpen Pollard."

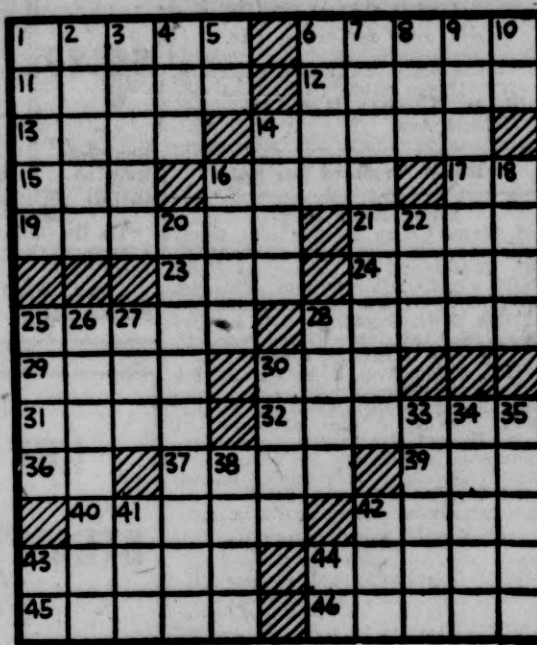

**LAWRENCE COUNTY SPORTSMAN'S ASSOCIATION** will hold a trapshoot for members, and non-members, Sunday afternoon at the association's farm at the Harbor. . . A Northern Pike belongs to the 'Muskie' family. They fight best when being reeled in close to a boat, or log. . . Nails of puppies should be clipped when they are a few weeks old to protect the eyes of their mates in the litter. . . Some sportswriters have Lou Boudreau headed toward the Chicago White Sox next season. . . Tommy Leach has booked Jackie Nichols against Angelo Poffo, both television stars and also Ace Freeman vs. Jack Vansky, in the October 26 male matches. Like Poffo, Freeman is a television performer. The feminine grapplers on the coming mat card will find June Byers wrestling Ellen Olsen and Mars Bennett opposed to Cora Combs. Indications are the mat whirls will be as spectacular as the last one staged by the Jefferson A. C. Vansky is a Lithuanian; Nichols is Scotch, Irish and Indian. Freeman is a Hungarian and Poffo is probably of Italian ancestry. Cora Combs, ex-Hill-Billy songbird, weighs 138 and is 23; Mars Bennett is 27 and an ex-circus performer. June Byers is 24 and weighs 150 while Ellen Olsen is probably of Swedish ancestry.

Detroit Wings  
Trim Rangers

(By International News Service)  
The Detroit Red Wings started out in the National Hockey League today just like they finished last season—with a victory over the New York Rangers.  
The Red Wings, who defeated the Rangers in the Stanley Cup finals last winter, edged them, 3 to 2, in the league's 1950 opener last night before 11,321 fans in Detroit.  
Abel Wins Game  
Sid Abel rammed home a short-range goal at 1:25 of the last period for the winning point. Ted Lindsay and Gaye Stewart, one of four players traded to the Red Wings by Chicago during the off-season, scored the other Detroit goals.

Court House

Plaintiff Gets \$8,234 Verdict

Legal Question Seen Possible

In a verdict returned in Lawrence county court by the jury trying the case, judgment was given Dominick Averso in a total of \$8,234.71.

Of this amount \$5234.71 was given him as the guardian of Nancy and Esther Averso, minor sisters, this being the amount of money needed to liquidate doctor and hospital bills. He was awarded a sum of \$2000 as compensation for injuries to Esther and \$1000 for injuries to Nancy Averso.

The two girls were injured in February 1950 when the car of Miss Virginia Iacobucci jumped the curb on the icy Lutton street hill, hitting the girls. Nancy was injured slightly but Esther was severely injured and has been in a cast since.

Suit was brought against Miss Iacobucci for \$110,000. In its return the jury awarded the amounts in jump sums to Mr. Averso.

Some attorneys see a possible legal question in the division of the money. The defendant carried a \$5000 and \$1000 personal liability insurance policy upon her car.

If it is held that \$5000 for one provision is strictly adhered to, the insurance company will be liable for only about \$6250 of the \$8234.71. The hospital and doctor fees for Esther ran to about \$4900. The balance of the \$5234.71 was the amount of fees for Nancy.

The policy calls for \$10,000 for injuries to two people but is said to be limited to \$5000 for one. The question will probably be raised before final settlement of the case is made.

VERDICT FOR DEFENDANT

A verdict for the defendant was found in the case brought by James M. Pyle and Anna E. Pyle his wife against Francis Liposky. Suit was brought to recover damages caused when the car of Liposky hit that of the Pyles as they were turning into the Epworth Methodist church parking lot. The jury found negligence upon the part of both sides.

COURT HOUSE CLOSED

The court house is closed today marking Columbus Day.

NO JURY NEXT WEEK

Many civil suits originally scheduled for trial in this term of civil court have been settled and the jury called for next week has been notified not to report. The term will probably finish Friday.

BRING NATURALIZATION PAPERS

Citizens who have been naturalized are urged to bring their naturalization papers with them when purchasing a hunting license. Many such persons have applied for a hunting license and

lacking their naturalization papers have had to go to the Prothonotary's office and get copies.

FIRES WERE NEVER MORE EXPENSIVE THAN TODAY

Fire Prevention Week—October 8 to 14—is of "top priority" to the American farmer. Fires were never more expensive than they are today. Many farms are said to be underinsured; some building materials are at all-time peak prices; others are impossible to get. With the need for certain foods, you just can not afford to have a fire today.

Most farm buildings are of wood, built with little provision for fire safety. Hay, grain, straw, food and other materials stored on farms burn rapidly. In spite of this, most farms do not have adequate water or apparatus to put out a fire once it starts. The majority of farm fires result from just seven causes—all largely preventable. The approximate order of their importance are listed as follows:

1. Defective chimneys and heating apparatus.
2. Combustible roofs.
3. Lightning.
4. Spontaneous ignition.

5. Misuse of electricity.
  6. Careless smoking and handling of matches.
  7. Improper use and storage of gasoline and kerosene.
- Fire prevention is a 365-day responsibility, but fire officials suggest that farmers put special emphasis on eliminating fire hazards during Fire Prevention Week. It does not make sense to work for years and bring a farm to peak efficiency only to lose it in a few minutes, just because someone caused a fire by smoking thoughtlessly or was careless when "gassing up" the tractor.

**RAILROAD PROFITS**  
CHICAGO—American railroads in the past 30 years have earned a six per cent return in only one year, 1942, and in 13 of those years the return has been less than three per cent.

St. Francis Xavier was known as the "apostle of the Indies" for his missionary work in the Far East.

Worry of FALSE TEETH

Slipping or Irritating?  
Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug store.
